WEATHER INDICATIONS.

U. S. Department of Agriculture,
Weather Bureau,
Toledo, O., May 5, 1892.

The storm which was central over the St. Lawrence valley has passed off into the Atlantic, and has been succeeded by the area of high pressure which moved from Dakota. The storm which was central in the extreme west yesterday, has moved eastward at an unusual rapid rate, and is central over Iowa, and has an easterly trend. This storm has effected the entire country from the latitude of 35 degrees northward, and from the Rocky mountains to the Atlantic coast. The heaviest rainfalls reported during the past 24 hours are, Chicago, 1.58 inches; Kansas City, 1.42; Keokuk, 1.34; Des Moines, 1.06; and Bismarck, Grand Haven, Milwaukee and St. Paul about one-half an inch. A snow storm was raging Thursday morning over the northwest. Clear weather prevails only over the southern states. The temperature has fallen from 5 to 20 degrees at stations along Lakes Erie and Ontario. It has risen from 10 to 20 degrees over Kansas, Missouri, Iowa, and eastern Nebraska. Elsewhere it has remained nearly stationary.

Signals for southeastern gales are ordered at stations on Lakes Erie, Huron and Michigan.

The Mississippi river continues to rise south of Memphis, and the gauge at New Orleans read 16.4 feet, which is 3.4 feet above the danger line, and the highest water on record at that point.

The forecast for Toledo and vicinity is: Rain, stationary temperature; brisk to high southeast winds.

Clear and cooler during Friday night. Fair Saturday.

E. A. HANNER, Observer.

Ohio—Increasing cloudiness and showers; warmer winds, becoming southeast; increasing.

Indiana and Illinois—Showers; south gales; slightly warmer, followed Friday afternoon by cooler; severe thunder storms this afternoon in Illinois.

Michigan and Wisconsin—Rain; warmer in lower Michigan; east gales.

MOVING DAY

Will soon be at hand, new household goods will be required to replace those broken, worn out or not suited to the new quarters. Time and Money can be saved by dealing with Draper & Nugent, who are prepared to furnish all of the various articles needed, either in Furniture, Carpets, Curtains, Shades, Stoves, Refrigerators etc., and make a specialty of the wants of housekeepers. All their goods are selected with experience and great care and sold at very low prices, on liberal, easy terms.

Draper & Nugent, 318 Monroe St

AN HONEST JUDGE.

Thief's no appeal in this case. The public is the judge and we've proven to the court's satisfaction that we can sell a higher class of goods than anyone else in the city at prices that are asked for inferior grades.

We are showing some beautiful new things in Cabinets, Book Cases, etc., while in office desks and other furniture we hold the place at the head of the procession.

STILL THEY COME

More Conventions in Various States.

Reed Starts His Boom in Delaware.

Virginia Sends an Uninstructed Delegation

With Sweet Bill Mahone at the Head.

Idaho Almost Unanimously in Favor of the Plumed Knight for the Presidency if He Will Consent to Run.

Roanoke, Va., May 5.—An uninstructed delegation was sent to Minneapolis by the republican state convention. Gen. Mahone was in the chair.

A resolution indorsing the administration of President Harrison was, however, passed.

Gen. Mahone, John M. Livingston and Gen. Edgar Allen were elected delegates at large.

West Virginia.

Martinsburg, W. Va., May 5.—The West Virginia republican convention to select four delegates at large to the national convention at Minneapolis, and a state convention, convened here this morning. About 350 delegates are present and the utmost enthusiasm prevails. The platform will condemn the gubernatorial affair of four years ago; commend the McKinley bill; indorse President Harrison's administration and declare for an honest dollar.

C. P. Hart, of Ohio county, and John D. Hewitt, of Kanawha, will be two of the delegates-at-large, and John A. Hutchison, of Wood, and F. M. Reynolds, of Keyser, will probably be the others. All are Harrison men.

The First and Second district congressional convention to nominate delegates to the national convention will be held here and Clarksburg to-morrow.

Enough delegates have been elected to the two conventions to insure that they will send four Harrison men to Minneapolis. This will give the president a solid West Virginia delegation.

Delaware.

Dover, Del., May 5.—The indications this morning are that the republican state convention which assembles here this afternoon will send uninstructed delegates to Minneapolis.

Ex-Speaker Reed, of Maine, who, it is claimed, is nursing a little boom of his own, will address the convention after the business has been disposed of.

Wisconsin.

Milwaukee, Wis., May 5.—The republican state convention will open here this afternoon, being called to order by Hon. Henry C. Payne. Although the democratic state convention placed a full state ticket in nomination yesterday their opponents will only elect delegates to Minneapolis and the convention for the nomination of state officers will not be held until fall.

The delegates to the national convention have already been agreed upon. They are ex-Senator Spooner, that old veteran Gen. Lucius Fairchild; Senator Sawyer and Henry C. Payne.

Ex-Gov. Hoard, however, would like to be one of the quartet and the suggestion was made to-day that Payne should withdraw in his favor. This, however, he is not likely to do. Hoard will make no contest for the honor.

Idaho.

Pocatella, Idaho, May 5.—The republican state convention to select delegates to Minneapolis will be called to order this afternoon by Hon. J. Pinkham, of Boise City. No slate has been made up for delegates at large. The republicans of Idaho are almost unanimously in favor of the Plumed Knight if he can be induced to run. Their second choice is President Harrison.

Rhode Island.

Providence, R. I., May 5.—The republican state convention to nominate delegates to Minneapolis was called to order at 11:15 a. m. by Chairman Goodwin, of the state central committee, and Benjamin M. Bosworth, of Warren, was announced as temporary chairman. He made a short speech, during which the name of President Harrison called forth applause, and that of Blaine still more. Col. Isaac L. Goff was elected temporary secretary and the roll of the convention was made up. The temporary organization was then made permanent.

The republican state convention elected W. G. Roelker, Samuel P. Colt, W. M. Gregory and Frank G. Harris delegates at large to Minneapolis. Blaine's name was cheered and Harrison's still more.

The committees on delegates reported the following who were elected:

Delegates-at-large—W. G. Roelker, Kent county; Samuel P. Colt, Bristol county; W. M. Gregoery, Washington county; Frank G. Harris, Newport county.

Alternates—J. F. McCusker, Kent; C. H. Handy, Bristol; George B. Carpenter, Washington; John B. Hicks, Newport.

The convention then adjourned.

Illinois.

Springfield, Ill., May 5.—The second day's session of the republican state convention began promptly at 9 o'clock this morning. The committee on permanent organization reported in favor of the following permanent officers:

Chairman, A. J. Hopkins, and secretary, Charles A. Partridge.

The committee on delegates and alternates-at-large to the national canvention, and electors-at-large reported the following names:

Delegates-at-large—Shelby M. Cullom, Richard J. Oglesby, Joseph T. Cannon, Dr. Joseph Robbins, James H. Gilbert, Miles Kehoe, George B. Swift and Samuel B. Raymond.

Alternates-at-large—Thomas Vernon, B. O. Jones, Richard M. Skinner, J. S. Whitney, Wm. D. Preston, W. M. Kent, Niel Juul and E. B. Gould.

Electors-at-large—Gen. W. C. Kueffner, Wm. Garrett, John W. E. Thomas and Madison R. Harris.

After brief discussion the report was adopted.

Gov. Fifer was renominated for governor on first ballot.

L. B. Ray was nominated for lieutenant-governor and I. N. Pearson for secretary of state.

Gen. C. W. Pavey was nominated for state auditor.

Kentucky Democrats.

Frankfort, Ky., May 5.—The city is crowded with politicians from all parts of the state who are here to attend the big Carlisle meeting to-day. The meeting will determine whether or not Kentucky shall present the name of Senator John G. Carlisle to the Chicago convention as a presidential candidate.

From present appearances the gathering will be strongly in favor of doing so. Mr. Carlisle has sent word that whatever his friends decide on in regard to the matter will satisfy him.

Senator J. C. S. Blackburn and Editor Watterson, who are both in Washington, have wired that it is impossible for them to attend.

A rumor was afloat here last night to the effect that Mr. Cleveland said he would withdraw if Senator Hill should also do so, providing that Mr. Carlisle's name is presented to the Chicago convention.

Kansas.

Hutchinson, Kas., May 5.—The republican state convention to elect delegates to the Minneapolis convention and to nominate a congressman-at-large was held here to-day. State issues this year seem to overshadow everything in politics and national issues are almost lost sight of in the scramble for places on the state ticket. The republicans expect to reverse the alliance majorities of two years ago and are so confident of success that a nomination on the state ticket is regarded by them as almost the same thing as an election.

There were, therefore, but very few candidates for delegates to the Minneapolis convention or for the nomination for congressman. Four delegates-at-large were slected and John J. Ingalls heads the list.

Well, instead of sick and suffering; healthy and vigorous, instead of worn-out and weak; bright eyes, clear skin, rosy cheeks — you wouldn't think it was the same woman, and it's all due to the use of a few bottles of Dr. Pierce's Favorite Prescription.

What this medicine has done for thousands of delicate women, it will do for you. If you're overworked and debilitated, it will build you up—if you're borne down with the chronic aches, pains, and weaknesses peculiar to your sex, it relieves and cures. It regulates and promotes all the proper functions of womanhood, invigorates the system, purifies the blood, improves digestion, and restores health, flesh, and strength.

For all the painful irregularities and diseases of women—periodical pains, prolapsus and other displacements, bearing-down sensations, and "female complaints" and weaknesses, it's the *only* remedy so effective that it can be *guaranteed*. If it doesn't benefit or cure, you have your money back.

OIL MILLS IN FLAMES

A Disastrous Conflagration in Detroit.

The Ill-Fated Union Mills Goes Down Once More—Firemen Have Narrow Escape.

Detroit, May 5.—The ill-fated union oil mills were again visited by fire early this morning. The mills have been running night and day to fill back orders. About 1:30 the men at work discovered the fire.

Despite all the efforts of the firemen the flames gained headway, and the hot oil thrown from the windows in all directions kept them from closing in on it. Several lines were sent to the top of the engine room and water poured into the third and fourth floors. A line from engine No. 8 was put into the first floor and the men made their way up a narrow stairway to try and cut off the flames.

Just as they reached the second floor a number of barrels of oil burst. The flames shot out the windows and the burning oil was thrown in all directions. The men on the engine house dropped ther lines and ran for their lives and escaped with a few burns.

The men from engine No. 8 were not so fortunate. Lieutenant P. J. O'Rourke, William Burgess, James Broderick, and Daniel Freeman, all pipemen, were badly burned and were sent to Emergency hospital. They were backing down the stairway when the flames overtook them and they had to run through the mass of burning oil.

The stock in the rear portion of the building was destroyed and the building will also have to be completely repaired. Loss $40,000; covered by insurance.

SERIOUS ACCIDENT.

Racing Street Cars and Bicyclers Cause Trouble.

Last evening about 8 o'clock two young men on bicycles engaged in a race with a Robison electric car on Bancroft street. Three young ladies were walking in the street, and before they had time to get out of the way one of the bicyclers ran into and seriously injured one of the ladies. She was picked up insensible and seemed to be badly injured. The young man was thrown from his bicycle and had three front teeth knocked out besides being otherwise injured.

Enquiry at Robisons' failed to elicit names or further information. Such racing is a dangerous pastime.

HOT CONTEST.

Xenia, O., May 5.—The Sixth district has taken 101 ballots for a republican congressman and no choice is made. W. W. Young, Judge Hulick, W. M. Savage and W. H. Doan are the candidates.

AROUND THE GREAT LAKES

Police Protection for Boats in Chicago.

Looking Over the Wrecks of the Past Week.

All the News of Interest to the Men Who Go Down to the Sea in Ships—Local and General.

Chicago, May 5.—(Special Marine Service.—The wires between Hamilton, Buffalo, and Chicago have been kept warm the past few days over the collision between the steamers Russia and Celtic on Lake Erie, and the loss of the latter with her cargo of grain.

The question as to which steamer was at fault will only be decided by a big three-cornered law suit, in which the underwriters will take a prominent part. The steamer Republic was so close to the colliding steamers that Capt. Lamphear heard the crash, but the weather was so foggy that he could not see them. In fact, there was a narrow escape from the three craft coming together—a three-handed collision.

Private advices from Buffalo say a portion of the Russia's merchandise was jettisoned in order to keep her head up while she was making her life race for the beach. Copies of the protest of the masters of both the Russia and Celtic have been received in Chicago. The insurance on the Celtic only went into effect on the day of her loss, and her owners consider themselves very lucky.

Unprofitable Trip.

By coming up from Buffalo light and taking back a cargo of 100,000 bushels of wheat, the Western Reserve lost just $800.

Vessel Owners.

The executive committee of the new Vessel Owners' association of the lakes, called on the mayor and chief of police at the city hall yesterday and discussed the question of police protection for the shipping office to be opened here in a few days.

The committee asked that the two men who are to have charge of the office be sworn in as regular policemen, and that several other men to be connected with the office also be given police powers. It is understood that the chief of police will grant the request. The new shipping office is to be in the lumber exchange building—the rooms recently occupied by the Knights of Labor shipping office.

Under Police Protection.

When the steamer Charles Eddy and her consort, the barge Newell Eddy, arrived off Chicago at 2 o'clock the other morning, police were taken out to them on a tug, and they came into the harbor under police protection. Policemen were kept on board the two craft all the time they were loading—on the Charles Eddy to protect her from Union firemen, and on the Newell Eddy to keep off Union sailors. The Newell towed out at midnight Tuesday night, grain loaded, with policemen on board, and the Charles went to the mouth of the harbor similarly protected. The barge was at anchor off the city all yesterday, and the steamer expected to go out last evening, pick up her consort and proceed to Buffalo. When the Newell grounded at Rush street bridge the night bridge tender certainly averted a catastrophe by his watchfulness and quick action. The great horn of the big, heavily laden vessel was heading straight for one of the iron columns of the bridge, and if it had struck these the bridge might have been knocked off the center pier. But the tender saw the danger in time and swung the bridge a little so that the horn struck the roadway.

Had a Close Call.

Capt. Moore, of the schooner Fanny Neil, narrowly escaped losing his life in the recent disaster to the steamer White & Friant's tow on Lake Superior, and is now confined to his home in this city by his injuries. There was ice on the cabin where the captain was standing when the Neil broke away from the steamer. He fell to the decks, and was picked up unconscious. Another captain will take the vessel out the next trip.

The first officer of the schooner Annie Sherwood was taken overboard with the deckload and wreckage when she was dismasted, and after being in the freezing water for a full hour, was rescued. The Sherwood's boom, sails and entire outfit were lost.

Mr. Bigelow, the owner of the vessels and cargoes, said last night that the entire loss by the rough experience of the tow was about $5,000. He was thankful enough that the crew was safe. The Robert Holland and tow, also owned by Mr. Bigelow, has had an eventful trip from Lake Superior. Capt. Geo. Granger, of the barge Stephenson, died at Sault Ste. Marie, and a man cook whom he had hired, fell into the river and was drowned.

Loaded for Buffalo.

The discrimination against Ogdensburg, an American port, in favor of Kingston, which happens to be on the Canada side of Lake Ontario, resulted yesterday in the steamer H. R. James, of the Ogdensburg Transit company, being compelled to load grain for Buffalo. From there she will continue on her way to Ogdensburg. Were the Canadian government not discriminating against American vessels, the James would have had no difficulty in securing a full cargo for her destination.

A New Lake Line.

Ludington, May 5.—The steamer Flint & Pere Marquette No. 5 has been chartered by the Vermont Central railroad, which will operate a lake and rail line between Duluth and New England by way of Ogdensburg. The steamer last night received orders to go to Duluth. The new line will be an important competitor for northwestern business. Several other steamers are understood to have been chartered but their names have not been given out.

Chicago Rats.

Chicago, May 5.—Lake grain rates dropped off a peg, several charters being made at 2 cents for wheat, 1 3-4c for corn to Buffalo. Vesselmen hope that the drop will be but temporary.

Rates at Duluth.

Duluth, May 5.—Shippers continue to offer 1-2c for tonnage to arrive before the 15th inst. Demand for tonnage to arrive after that date is very light, and 3 cents is the best offer.

Dull at Buffalo.

Buffalo, May 5.—Big coal companies continue to load their own boats and had taken no outside vessels up to 1 o'clock. Rates unchanged.

Cleveland Business.

Cleveland, May 5.—Brokers here made several Duluth grain charters at 3 1-2 this morning, some of them not being bound by agreement to load before May 14. Seventy-five cents is still offered from Escanaba, but boats are very scarce. Ashland shippers are doing nothing.

Chicago.

Chicago, May 5.—Charters to Buffalo: Robert Mills, wheat; Fitzgerald, corn. Port Huron, Skylark, oats.

At the Crossing.

ARE TALKING ON SILVER

London is Becoming Greatly Interested

In the Coming International Conference.

The Silver Market Must be Placed in a Better Condition at Once.

London, May 5.—A large and influential meeting was held to-day at the Mansion house on the subject of an international conference on the silver question.

The brokers in bullion were numerously represented and delegates were present from many of the banks in the eastern part of England.

The necessity of international action as to silver was earnestly discussed, and the opinion was expressed by all the speakers that the time had come for the re-establishment of silver on a sure and satisfactory basis.

A strong resolution was passed in favor of an international conference to consider means for bettering the condition of the silver market.

It was voted to send copies of the resolution to Lord Salisbury, the chancellor of the exchequer and the first lord of the treasury.

A MURDER AT BRYAN.

Arthur Brown Found Dead in the Streets.

Believed that Tramps Pounded Him to Death in Order to Secure What Money He Had.

Bryan, O., May 5.—(Special)—This morning the body of Arthur Brown was found in a lot in the rear of Arnold's livery stable, in this town. The face was disfigured and head was crushed almost recognition. Two bloody sticks of wood and a broken beer bottle were found near by and there were many evidences of the deadly struggle.

Neighbors say they heard a noise in that direction between 10 and 11 o'clock at night, but did not suspect foul play of any kind. The murder was probably committed about that hour, but thus far there is not the slightest clew to the murderer or murderers.

When found nearly all of Brown's pockets were turned inside out and the only thing of value found upon his person was a watch. A copy of the Toledo Bee was also in one pocket, as was a whisky bottle about half full.

There was no money on his person, though it is known that he had a large roll of bills Wednesday afternoon, which he showed to many persons. The amount was about $300.

Mr. Brown was a single man, aged 35 years, a well digger by trade, and lived with a widowed mother. He was a good-natured, industrious fellow, but was his own worst enemy, by reason of his drinking habits. It is believed a gang of toughs plotted his murder to obtain the money which he carelessly exposed, and which he recently inherited from the estate of a deceased uncle.

A post-mortem examination was made to-day and an inquest is now being held.

IT TOOK HER A YEAR

Long Voyage of the Knight Commander.

Disabled at Sea and Mutiny on Board—Hard Work to Find a Proper Crew.

San Francisco, May 5.—The British ship Knight Commander arrived here yesterday from Antwerp with a cargo of cement, after a voyage lasting one year and 80 days. While she was on her way the price of the articles she carries has risen and fallen several times.

She sailed for this port in January and the following July put into the Falkland islands, having been dismantled in a gale. Shortly afterwards she sailed from there. Then the crew mutinied and after a hard fight were locked up in the forecastle, Capt. Murdock put into Port Stanley and the ringleaders were tried, convicted and sentenced to two years hard labor.

At Montevideo a fresh crew was obtained after much difficulty, $200 being paid for each man.

WON IN TWO ROUNDS.

Norwalk, Conn., May 5.—Tom Green, of New York, and James Duffy, of Chicago, fought near Stamford this morning for $300 a side and $250 gate money. Green was knocked out in the second round.

FIRE IN A CHURCH.

Great Excitement in a New York Parochial School.

New York, May 5.—Shortly before noon to-day a fire occurred in St. Michael's church on West Twenty-third street, which for a time caused great excitement in the neighborhood.

Adjoining the church is the parochial school, which contained over 1,400 children. The fire alarm was immediately sounded in the school house and the children being trained for such an occasion, they were filed out in a very few minutes. The fire was confined to the church loft, but completely destroyed the organ, valued at $10,000. The total loss will be about $25,000.

TO VISIT A KING.

Brussels, May 5.—Henry M. Stanley will be a guest of King Leopold next month by the royal invitation. The king is said to be anxious to consult Stanley relative to the operations being conducted by the Congo free state against the slave traders.

DOWN TO THEIR DEATH

A Train Crashes Through a Bridge

And a Number of Lives Are Lost.

Several Persons Killed and Many More Badly Injured by the Disaster.

Keokuk, Ia., May 5.—The New York express on the Santa Fe, which left Kansas City last evening, went through a bridge east of Medill, Mo., at an early hour this morning.

The entire train, with the exception of the rear sleeper went down into a stream fearfully swollen by last night's storm.

It is reported that 20 people were killed and 15 or more injured.

The following persons were killed in the wreck:

JOHN C. GROVES, Macon, Mo.

LUTHER CORNELIUS, Kirksville, Mo.

LON MARKEL, Kansas City.

S. E. BERKLEY, Westport, Mo.

Unknown woman and two children.

Telegraph wires are down and the greatest excitement prevails in this city.

The following is list of injured:

William Adams, Yorkshire, England.
Mrs. Jane Hosey, Riverside, Ill.
W. A. Isham, Riverside, Ill.
J. C. Winslow, Chicago.
P. C. Cowling, Chicago.
N. Lancaster, Chicago.
H. M. Cutler, Chicago.
J. F. Hartgen, Reading, Pa.
W. Allen, Athens, Pa.
Mrs. E. T. Allen, Athens, Pa.
Robert Shultz, Lexington Junction, Mo.
Express Messenger A. Ruban.
Brakeman Martin Regal.

An Italian woman and little child were also injured.

The wrecked train was No. 4, known as the California express, and left Kansas City at 5:25 p. m. yesterday. The train was running at an ordinary rate of speed when it reached a trestle bridge 23 miles west of Fort Madison at 1 o'clock this morning.

The heavy rains had undermined the trestling and the bridge was slightly out of plumb.

The engine had reached the east end of the bridge when the structure tottered and fell, piling the cars and coaches in a heap, 30 feet below.

The wrecked train consisted of one Pullman sleeper, one tourist sleeper, chair car, passenger coach and baggage car. As soon as possible the train crew hastened to the assistance of the imprisoned passengers and did everything in their power to rescue them from death by drowning or from the crushed and broken timbers.

Wrecking trains reached the scene of the wreck a few hours later. The dead and injured have been removed to Fort Madison where the injured are receiving every possible attention.

MICHIGAN CENTRAL.

Annual Meeting of the Company Held in Detroit.

Detroit, May 5.—The annual meeting of the board of directors of the Michigan Central railroad was held here to-day. The annual report submitted shows the following statement: Gross earnings, from traffic, $15,162,960.17; operating expenses and taxes, $11,107,569.50; net earnings, $4,055,390.67; interest and rentals, $2,439,286.80; residue, $1,616,103.87; paid Canada Southern Railway company proportion net income, $446,775.75. Net revenue from traffic, $1,169,338.17. Income from investments, $58,628.46. Total net revenue, $1,227,956.63. Paid in dividends, $1,030,601.22. Balance, $197,355.41.

RELIGION IN LABOR CIRCLES

Powderly Makes Some Very Bold Statements.

He Intimates that the Catholic Church is Being Urged to Work for the Reading Combine.

Scranton, Pa., May 5.—At a Knights of Labor mass meeting last night at Archibald, General Master Workman Powderly, referring to the Reading combine, said there was no other state so firmly held in corporate power as Pennsylvania, which lacks the virtue in her executive officers which would prevent her disgrace.

He closed with the startling statement that for sometime past a Reading emissary had been in the Lackawanna valley for the purpose of advancing the interests of the combine; that this man had seen every minister and priest of every denomination, to some of whom he offered passes and money.

Church debts the cobine agreed to assume, and in at least two instances Catholic priests were approached with offers to pay the cost of erecting parochial schools if the combine should be indorsed and apprved by them from their pulpits.

One clergyman whom this agent approached, Mr. Powderly said, indignantly refused the offer with the remark that he would rather lay aside his clerical robes and take up the shotgun against the greed of the corporations.

OFFICERS HOODWINKED.

A Rumor That Bunco-Steerer O'Brien Escaped and a Double Took His Place.

New York, May 5.—A report from Utica says the story is told to the grand jury there that the bunco man, O'Brien, was never in Utica; that it was a double from New York who figured in the United States court proceedings.

A DUKE ON A VISIT.

METHODIST CONFERENCE

Continuation of the Work at Omaha.

The Work of the Past Period Reviewed.

The Church and the Masses Should Go Hand in Hand—Opposed to Teaching Foreign Languages in Schools.

Omaha, Neb., May 5.—At the Methodist conference a committee on memoirs was appointed, and on motion of Dr. Buckley, of New York, addresses were ordered restricted to 15 minutes for written memorials and five for oral.

Two hours' time was then given over to the episcopal address, which was delivered by Bishop Foster. The past quadanium, the report stated, had been a prosperous one for the church. There have been no deaths among bishops. Assignments of ministers have been made, with but little dissatisfaction.

Work in the foreign field has been given special care and numerous visits by the bishops of foreign lands had been made with beneficial results. The book concerns of the church are the largest in the world. There have been no dissensions in the church, and there is more intelligence and less bigotry in the pulpit. The membership during the past four years has grown rapidly and now numbers 2,292,614 communicants; 442,000 souls have been added to the church during the four years by confession of faith; churches have increased 264, with an increased valuation of $18,321,321; contributions to all missionary societies have increased $334,135.

Higher education in the ministry the bishop declared to be imperative and that no man should be allowed in a chair of our theological schools whose loyalty to the doctrine of our church is not steadfast. The church wants no traitors. The Epworth league received great praise as a mediator between the Sunday school and the church. It has in three years sprung up from naught to 8,000 chapters and 500,000 members. The national university at Washington is announced as a certainty, and liberal endowments asked for, millions being necessary for its equipment. The woman's college in Baltimore was also commended.

"The church demands an Americanized franchise as well as a neutralized franchise," said the bishop. "The continuation of foreign languages and customs in this country is wrong, and we are opposed to the teaching of foreign languages in our schools. We believe that the franchises should be more guarded and foreigners should be required to serve a longer apprenticeship to secure it. We regard the legislation in congress to exclude Chinese as inhuman and recommend that petitions to congress be prepared by this conference to not pass the measure. The centralization of wealth is denounced, and if it is not arrested there will be danger to the social and state functions. The church must act. It cannot side with wealth; it must go with the toiling masses. Total abstinence is imperative and complete state prohibition is urgent."

The report declares that the union of the church north and south is drifting closer and is not an impossibility, and the north still holds out its hand of welcome.

For the first time since the conference opened there was hardly a quorum present when Bishop Waldron took the gavel this morning. On motion of Dr. Neely, of Philadelphia, the unfinished business of yesterday on appointing a committee on superannuate ministers was resumed and Rev. Mc. Dowell, of Philadelphia, resumed his speech of yesterday and demanded the previous question which was ordered.

The laymen favored the special committee but were voted down and the report was referred to the committee on temporal economy.

SCANDALS IN HIGH LIFE

The Yellowstone Park Matter Discussed.

The House Committee Finding Out What Part Russell Harrison Played.

Washington, May 5.—E. C. Waters, formerly general manager of the Yellowstone Park association, was again examined by the public lands committee of the house to-day in relation to the Yellowstone park leases.

A letter from the witness to Oakes, one of the park directors, about setting aside the $5,000 Yellowstone Park association stock for Russell Harrison, was discussed, but nothing of importance was brought out.

In answer to Mr. McRae witness said it was fully understood by Oakes that the $5,000 in stock was set aside for Russell Harrison, but not for consideration. Representative Bailey asked the witness why he presumed to use Kerin's name in the letter relating to the stock when he (witness) had never met Kerins, as testified to by him previously.

The witness responded that it was because Kerins was a friend of Russell Harrison. He got Kerins' address from a Major Wilson, of St. Louis, who was interested in mining in Colorado.

Mr. Rae again asked witness to tell him if the $5,000 stock set aside for Russell Harrison was a gift, or whether it was for a consideration. Mr. Waters said he could not remember whether it was a gift or for a consideration, as he had never discussed the matter with anybody.

Further queries by Mr. McRae resulted in several hesitating replies in substance that he wanted Russell Harrison to have the stock. He felt that he might want Harison to do something else for him and that what he did was right and proper. Witness testified that he had not seen Harrison since the last session of the committee on Saturday.

VENEZUELA TROUBLES.

Casanas Reported Killed by Revolutionists.

Mora and His Army of Blacks Said to Have Captured Valencia.

New York, May 5.—A special to the Herald from Cumana, Venezuela, says a rumor prevails that Dr. Casanas, Palacio's commander-in-chief, has been killed in his camp by a party of pretended deserters from the revolutionists. Not much credence is given to the story.

Another rumor current is that Valencia has been captured by Mora and his army of blacks. Fears are entertained that Ybarra is a prisoner. This report is doubtless caused by Gen. Crespo's sudden appearance so near Victoria, as reported yesterday, and the arrival of Guerra to the north of that city. The belief is general that the revolution is surely approaching a crisis.

THE SLATE GOES O. K.

At the Meeting of the Police Commissioners Last Night.

Chief O'Dwyer Released from the Captaincy,

And Ben Raitz Takes His Place—Five Policemen, Three Detectives and Secretary Berney Bounced in Double-Quick Order.

The meeting of the police commissioners last night was a howling farce, from beginning to end. The bosses had laid down instructions during the day which their willing tools meekly obeyed in the evening.

The members were too nervous to attend to any regular business, and after listening to the report of the health officer, the clerk read the resignation of Patrolman Herman.

This was Mayor Emmick's cue to pull his knife, and calling Mr. Waring to the chair, he moved down and set the machine to slashing by making a motion to dismiss Patrolmen Langel, Morrisy, Sheehey, and Matthews from the force. This was couched in one of the mayor's eloquent speeches with which he has frequently regaled the public.

Mr. Potter said he didn't exactly understand the object of such a move, although he was prepared for almost any kind of a deal. He seriously objected to the dismissal of Morrisey. He was a good man, a good officer and would never be discharged without cause by his vote.

Mr. Emmick said he knew more about the man than Mr. Potter did; that he was a bad man to have on the force, for the principal reason that he was untruthful.

After the board had sufficiently controlled its mirth, Mr. Potter spoke again in defense of Morrisey. While he was talking Mayor Emmick's head was jerking like a man in a fit. Presently a grating noise was heard on the other side of the room, which resolved into "I second the motion." Mr. Doville had forgotten his part.

It had all been arranged during the day. The magnates had a hard time of it, whipping Mr. Waring into line, and after he had agreed to do the parrot act, he refused to act as spokesman. They knew Doville couldn't do it, because he was not capable, so they gave Mayor Emmick an opportunity to spread himself. His Honor has stood in a bad light in the eyes of his party, and he eagerly grasped at this chance to square himself with the bosses. He believed that if he did their work on this occasion, it would be plain sailing for mayor next spring. Mr. Waring has also been promised the same position for his share in the job. Doville was elected for this work, and he has no other voice.

However, the five officers, including Herman, walked the plank, Messrs. Potter and Stager voting in the opposition.

Mayor Emmick moved that the office of secretary of the board be declared vacant. Doville seconded, and Waring put the motion. Potter and Stager voted no.

Mayor Emmick moved to fill the vacancy. Doville seconded, and Waring put the motion, with the usual result.

Mayor Emmick nominated Charley Durian and Mr. Potter James Faskins. Durian was elected.

Mayor Emmick then arose, and in his best funeral voice, said: "It is my very (un)pleasant duty to make a motion that the office of captain of police be declared vacant."

Waring—"You mean abolished."

Emmick—"Yes, I mean abolished."

Doville—"I second the motion."

Waring put the motion, and Toledo was without a chief of police, Potter and Stager voting nay.

Mayor Emmick moved that the patrolmen be elected to fill the vacancies. Doville seconded. A recess of five minutes was taken, at the expiration of which the following names were announced and elected: John T. Welch, Otto Schroeder, Wm. Madison, Samuel Lupton.

Mayor Emmick—"I move we create the office of captain of police."

Doville seconded. Carried.

Mayor Emmick—"I move we proceed to elect a captain of police."

Doville seconded.

With more eloquence, Mayor Emmick nominated Benjamin Raitz.

Mr. Potter nominated Edward O'Dwyer. Mr. Raitz was elected, Potter and Stager voting for O'Dwyer.

Mayor Emmick moved that Detective Brown be retired to the pension list. Carried.

Mayor Emmick—"I move that Detectives Manly, Gilroy and Duffy be dismissed from the force."

Doville seconded and Waring put the motion, with the usual result.

Mayor Emmick now returned his knife to his boot and turned to Napoleon Baumbach with a look that said "I have done your bidding," and received a pat on the shoulder from that political general's little eyes. The bosses were all present.

The remainder of the program was carried out in the regular parrot-like manner.

Mayor Emmick named Detective Spore as chief of the detective force, and a man named Delbert Hall to fill a vacancy on the force. Hall is a stranger, but the machine elected him.

Mayor Emmick took one of his "with all fairness" streaks and moved that the fine of $25 imposed on Lange and Herman at the last meeting be remitted.

Secretary Birney instructed him that Herman's fine had been paid into the pension fund.

Potter was not in favor of remitting either of the fines. The men had been guilty of neglect of duty and should be punished in order to maintain the discipline of the force.

Doville made a speech protesting against fining policemen. He thought their pay was small enough and he was not in favor of taking the bread from their children's mouths.

Mayor Emmick moved that the office of seventh sergeant be created. Doville seconded, and Waring put the motion, which carried. Edward O'Dwyer was elected to the new position.

CITY SOLICITOR'S OPINION

On the Action of the Police Board Last Night.

As to the legal phase of the removal of Chief O'Dwyer, the following remarks of City Solicitor Read, who is a republican, are interesting:

"I hope nobody will think that I engineered that job or sanctioned it," said he, "for the whole business was illegal and I could hardly believe it to be true when I first heard of the action of the board. It is the veriest farce for them to pass a resolution abolishing the office of captain of police as they did. That board can no more abolish that office or create it than they can that of mayor. Such action is absurd. The removal of the clerk was perfectly legal, as that can be done by a majority of the board, but the removal of other officers takes two-thirds of the board, or four votes, unless charges have been made and sustained. Nothing of this kind was done last night and the action of the board was therefore illegal. The officers whom they pretended to remove can still hold their office and they cannot oblige them to give up their badges under any such action."

CHIEF RAITZ.

A Brief Sketch of the Man Who Will Rule the Bobbies.

Benjamin Raitz, the new chief of the Toledo police, was born in Switzerland, in 1844. He came to this country in 1853, living in Rochester, N. Y.

In 1854 he moved to Toledo, which shows a residence of 38 years in this city.

Mr. Raitz attended the Toledo public schools and at manhood took up the trade of butcher.

When the war broke out, Mr. Raitz, then 17 years old, joined the army, and was assigned to Company D, Ninth Illinois cavalry, and is now an honored veteran.

He was the youngest man in the company and left the service lieutenant in command of his company.

Since the war Mr. Raitz has been actively engaged in business enterprises in the city. He is a very popular citizen, a man of cool judgment and with the requisite backbone to do what he thinks is right.

Since a democrat had to go, according to the eternal fitness of things political, no more popular choice could have been made than that of Ben Raitz.

The new chief has always been a warm friend of Chief O'Dwyer, and to-day bears witness to the good service that has been rendered by the retiring commander.

ST. PATRICK'S COLUMNS

Father Hannin Receives a Grist of Bids

For This Part of the New Church—Summary of the Same—Contract to be Awarded To-night.

Some time ago Father Hannin and his church committee advertised in the American Contractor that ten granite columns with capitals of white marble would be required for St. Patrick's new church, now in course of construction; that parties desiring to propose for the construction of the same could apply to Rev. E. Hannin, who would furnish plans and specifications. Full plans, forms of proposal and contract had been drawn up and printed. Forty-four parties applied and full plans were sent to each. This was done that each might bid with a full understanding of what had to be done. The specifications also required that samples or specimens of the material to be used, labeled with the address of the parties should accompany the proposal. March 10 had been set for the time of opening the proposals, as all bids had to be handed in before that date. March 10, however, came in the midst of the Lenten season, a time in which all Catholic pastors are so much engaged with church services that the opening of the bids had to be postponed until yesterday. There were present at the opening of the bids yesterday afternoon Father Hannin, M. J. Malone, P. F. Whalen, John Fitzpatrick, John McCaffery, all builders, and several reporters.

The work of making the columns has to be commenced immediately that they may be on hand when needed, as it will require more than six months to complete them. The church will be the finest in the northwest, but with the care that is taken and the competition that is invited for every part of the work, as is seen from the letting of the columns, the cost of building, the church will be comparatively small.

The following are the bids as opened and read:

Snyder Granite Co., St. Louis—Color red; column in two pieces; columns, $5,562.68.

Eckhardt Bros., Toledo—Columns and capitals, red one piece, $6,720.

E. Frazer, Mansfield, O.—Not according to plans; not considered.

Jos. F. Cronin, Cincinnati—No sample. Columns, $4,910; capitals, $4,500; total, $9,410.

Middendorf & Donel, Richmond—Dark blue, three pieces; columns, $5,482.

Michigan Granite Co., Adrian—Blue; columns, $4,775; capitals, $5,832; total, $10,607.

Northern Granite Co., St. Cloud, Minn.—Bright red, one piece; columns, $7,650; capitals, $5,700; total, $13,350.

E. C. Wellison, Boston, Mass.—Red, two pieces; columns, $4,500; capitals, $3,450; total, $7,950.

Theis & Jansen, New York—Capitals, $6,600. No column bid.

Vermont Marble Co., Detroit—Blue and white; capitals, $3,188. No column bid.

Hollowell Granite Co., Chicago—No. 3, two pieces, red; columns, $4,276; capitals, $3,318; total, $7,594.80. No. 2, red, one piece; columns, $5,140; capitals, $3,318; total, $8,458. No. 1, columns, $4,712.40; capitals, $3,318; total, $8,030.40.

Minnesota Marble Co., Minneapolis—Red, three pieces; columns, $4,100.

Norcross Bros., Worcester, Mass.—Grey, one piece; columns, $5,690; capitals, $4,160; total, 9,850. Red, one piece; columns, $5,540; capitals, $4,160; total, $9,700. Pink, columns, $5,820; capitals, $4,160; total, $9,980.

Booth Bros., New York—Red, one piece; columns, $4,216.16; capitals, $5,990; total, $10,206.16. Red, three pieces; columns, $5,113.18; capitals, $5,990; total, $11,103.18.

R. W. G., one piece column, $6,343; capital, $5,990; tatal, $12,333. Blue, one piece, $5,093.50; capital, $5,990; total, $11,083.50.

Grant, Breeze & Co., Milwaukee—Red, two pieces column, $4,828; capitals, $5,004; total, $9,832. Grey—Two pieces columns, $4,384; capitals, $5,004; total, $9,388.

Dennis Kane, Sturgeon, Mich.—Two pieces red columns, $4,428.60; capitals, $4,220; total, $8,648.60.

Geo. H. Mitchell, Chicago—Capitals, $5,281.16; red granite columns, one piece, $4,486; red beech, one piece column, $5,874.86; bare Vermont, two pieces columns, $3,918.50; capitals, $5,281.16; red westerly, one piece columns, $5,030.94; capitals, $5,281.16.

Rockville Granite company, Minnesota—Red or grey, one piece columns, $3,980.

Bradbury & Jones, St. Louis—A, $9,725, columns and capitals; B, $10,300, columns and capitals; C, $9,570, columns and capitals.

E. R. Brainard, Chicago—One piece columns, $3,902; capitals, $5,700.

McDonald & Son, Buffalo—Two pieces columns, $5,000.

Anderson Granite company, Chicago—Red or grey, two pieces columns, $5,102; capitals, $4,826.

D. L. Crosscup & Sons, Philadelphia—One piece columns, $5,520; capitals, $4,685; total, $10,205; red, three pieces columns, $4,820; capitals, $4,685; total, $9,505; red, two pieces columns, $4,437; capitals, $4,685; total, $9,122.

Amberg company, Chicago—Red, three pieces columns, $3,040; grey, one piece columns, $3,440.

Bagley & Mason, Chicago—Not accepted.

Maine and New Hampshire company—Not considered.

Loutz & Co., Buffalo—Capitals, $5,580.

Schilling Granite company, Albany—Red, one piece columns, $4,714; capitals, $4,880.

W. Gray Sons, Philadelphia—Grey, one piece columns, $4,932; capitals, $5,500; red columns, $6,300; capitals, $5,500.

Geo. Logan—Capitals, $8,217; columns, $4,002; red or grey.

The number of pieces in a column affects its price, a shaft in one piece being of much more value than a shaft in two or more pieces. The samples will be forwarded immediately to the proper parties free of charge.

The building committee has been called to meet this evening for the purpose of awarding the contract.

St. Patrick's church will be one of the finest in the northwest, and will be an ornament to Toledo. It will be entirely new in design and still possess all the beauties and grandeur of gothic architecture. It will have two transepts: one in front, the other well toward the rear; the former will be 76 feet in the clear, the latter 100. The length of the church will be 175 feet, its breadth 72 feet in the clear. The front will be bold and rectangular in form, richly ornamented with pediments and sharply pointed gables. From the center of the front transept will rise the tower, 238 feet high. The church will have five exits: three in the front and two in the rear. Five aisles will run the entire length of the church, and two additional ones in the transept. Instead of long, inconvenient pews, such as are generally found in large churches, the pews in the new church will be family pews, each large enough to accommodate four persons. There will be eight rows of such pews the entire length of the edifice, and 12 in the transept. In the rear end of the church will be five altars; one in the sanctuary, one opposite each side aisle, and one in each arm of the transept.

Two rows of columns, 10 in number, will support the richly ornamented groined ceiling above. The materials of these columns, their proportions, their symmetry and the artistic skill with which they will be executed, will make them of such beauty as to be rarely equaled. The bases of the columns will be of granite, octagonal in form, of a dark red color, and around each on top a circular bead or mold; the shaft, 20 feet in one piece, will also be of granite, of a bright red color and cylindrical in form; all the exposed surfaces of the base and shaft will be highly polished and in luster like glass. The capitals will be of white marble; they will be bold in design and rich and beautiful in the manner in which they will be carved.

The cost of each column (base, shaft and capitol) will be $500; the generous donor presenting one such column for the new church, will have his name inscribed on the granite base, will thus leave a mounment of his generosity, and will ever be remembered by the pastor and people of St. Patrick's parish.

CLOSED UP.

Col. Bunker Pays Into Court Money in the ClaflinMiller Case.

The Bee stated a few days ago that a conclusion had been arrived at by the parties in the Claflin Paving Co. & John R. Miller, difficulted as to undisputed claims. The matter has been closed up, and yesterday Col. Bunker, the receiver, paid out $29,000 to the creditors, leaving a balance of $11,000 in his possession.

BANK MEETINGS.

The Merchants. First and Second Nationals Semi-Annuals.

Yesterday the Merchants' National bank held its semi-annual meeting and the directory after the routine work was transacted passed $10,000 to the surplus fund, making the total surplus $110,000. No dividend was declared.

The First National declared a semi-annual dividend of 5 per cent., and the Second National 4 per cent. with a snug sum added to the surplus.

THE HORTICULTURISTS.

Hold Their Monthly Meeting at Waterville.

There was a meeting of the Horticultural society at Mrs. Fairchild's, of Waterville, yesterday. Two essays were read, one on "Easy method of preparing simple food" and another by Mrs. Graham on "How to make much out of little." Mrs. Ellen S. Fray was a guest and was invited to give a talk upon suffrage which, in her usual able manner, she did, after which a vote of thanks was tendered her for the interesting presentation of the question. There were about 50 ladies present and the formation of a suffrage club looks very favorable.

WHO WAS THE BRUTE?

J. Cooper Price Will Give Five Dollars to Find Out.

Some miserable wretch this morning tied a tin can to the tail of a beautiful water spaniel, and let the dog loose. The terrified animal rushed down Adams street, and in and out of stores, nor could any friendly hand relieve him, though many people tried. J. Cooper Price asks the Bee to say that if any person knows the human brute who did this trick, and will leave the perpetrator's name at the Bee office, he (Mr. Price) will pay $5 for the information, and will prosecute this offender against the laws of decency and humanity.

THE COLUMBIAN CLUB.

Elects a Board of Directors—Some Changes in Officers.

The Columbian club met last night in Friendship hall and elected the following board of directors: Messrs. T. J. McCarthy, J. J. Murphy, M. E. Nugent, Charles J. Kirschner, M. J. Cooney and Dr. J. T. Lawless.

Owing to pressure of business which prevented his fulfilling the duties of the office, Mr. John Neuhausel declined to serve as treasurer, and Mr. J. B. Busse was elected to that office. Mr. Grady resigned as secretary, and the honors of that office were bestowed on Mr. Joseph A. Duffey.

The club will meet again on call of the secretary.

THE JUDICIARY COMMITTEE

Passes Upon a Long Schedule of Claims Against the City.

The judiciary committee of the council met last evening and disposed of a large number of claims.

Patrick O'Sullivan presented a large claim for damages for personal injuries caused by a fall on Beacon street. O'Sullivan had already been awarded $700 by the courts, but refused to receive it. The committee promptly rejected his claim.

The claim of Charles Vidhart, an old one for $10,000 damages for personal injuries, was before the committee again and the solicitor was directed to confess judgment in the sum of $300.

These were the principal claims disposed of, but a number of smaller ones for abatement of assessment were acted upon.

CONSECRATION AT SYDNEY.

Church of the Holy Angels To Be Consecrated May 15.

The Bee has received an invitation from Rev. F. M. Quatman, the pastor, to attend the consecration ceremonies of the Church of Holy Angels at Sydney, on Sunday, May 15. An immense crowd is anticipated, and the ladies of the congregation have arranged to give a dinner in the basement of the court house. Excursions at reduced rates will be run on all the railroads. Masses are to be celebrated in the chapel at 6 a. m. At 7 o'clock the consecration will take place, with Rev. W. H. Elder, D. D., as consecrator, followed by pontifical high mass at 10 o'clock, Bishop Waterson celebrant, Rev. Henry Moeller, D. D., preaching the sermon. At 3 o'clock a parade of societies will be given, and in the evening vespers, with sermon by Bishop Waterson. A rare musical program has been arranged for all of the services.

Y. M. C. A. BICYCLERS.

A Club Formed Last Night—Social Features Attached.

The Y. M. C. A. Bicycle club met and organized last night. There are 18 charter members. The election of officers resulted as follows:

President—Ellis Mason.
First Vice President—Percy Turner.
Second Vice President—W. Schroeder.
Secretary and Treasurer—Frank Hruska
Captain—D. O. Douglas.
First Lieutenant—G. H. Orr.
Second Lieutenant—J. Perrin.
Third Lieutenant—C. Wahl.
Bugler—J. Gibson.
Road Committee—G. H. Orr, chairman; J. Perrin, F. Holly, F. Hruska, E. Mason.
Social Committee—Percy Turner, chairman; E. Herron, J. Barbour.
Color Committee—F. Hruska, chairman; D. O. Douglas, G. H. Orr.

A constitution was adopted. The committee on color will report at the next meeting, which occurs next Wednesday evening. Each meeting is to be followed by a club run when the weather permits.

A NOBLE WORK

Is That Undertaken by the Young Woman's Christian Association.

The Young Woman's Christian association, of Toledo, is engaged in noble work which should have the warm and hearty support of all our good citizens. All that it hopes to do cannot be undertaken until the association has a financial basis from which to work which is as yet not secured.

The pleasant rooms of the association, in the St. Clair street building next to the postoffice, are a modest step in the right direction. Here tea and coffee are served during the noon hour, and pleasant quarters are open where our working girls can take their lunch baskets and for a few pennies provide themselves with warm drink. Some day the association hopes to establish a home.

To this end Miss Elizabeth Wilson, international secretary of the Y. W. C. association, is now in Toledo, helping the ladies interested in the association to raise funds. She is speaking this week in different parts of the city on the work these associations are doing in other cities. The meetings are under the auspices of Christian endeavor societies, and on Sunday evening next the societies will all attend service in the First Congregational church, and Miss Wilson will deliver an address on "A New Movement for Young Women."

LOCAL HAPPENINGS.

The French can keep clean with less water than any other people, but they can't chew Sweet Grape Plug like the Yankees.

Council committees on plats, streets, isdewalks, bridges, claims, police and parks will meet in the council chamber this evening.

The Western Electric Light company of Toledo has notified the secretary of state of an increase of capital stock from $20,000 to $200,000.

Jennie Eff recovered a judgment in common pleas court to-day against Bick & Glann for $40.34, on a case to recover for a board bill incurred by an employe of the defendants.

Sanitary Officer Graham yesterday seized 12 cases of tomatoes and peaches from a huckster on Everett street. The fruit was spoiled and unfit for food, yet the huckster was intending to sell it.

The Mascots challenge any nine in the city under 15 years of age, on the Wabash grounds, Sunday, May 8. If accepted answer through the Bee. W. Hamm, captain; Martin Smidt, manager.

Eight of the Huns arrested on suspicion of being implicated in the cutting of Michael Yamber, were released this morning as there was no evidence against them. The two first arrested are still in custody. Yamber is improving.

The status of the bricklayers' strike is unchanged from yesterday. The two firms mentioned in yesterday's Bee as declining to give 50 cents an hour still hold out, and their men still refuse to go to work again for 45 cents.

REV. MR. ABBEY FELT OLD.

A Feeling That is too Common in the Merry Month of May.

In the spring there is, the doctors say, almost a universal tendency to languid, depressed feelings. And they say "it is natural."

The nerves are weak, the blood impure, and the general health out of order.

Rev. P. C. Abbey, a well-known preacher of Barre, Vt., is no exception to this rule. A correspondent of the Boston Journal quotes him as saying:

"I was feeling very much debilitated, with that languid feeling such as comes from overwork; that is, I felt old. I tried Paine's celery compound, and was soon relieved from that worn-out, fatigued feeling. Since then I always use it at the change of seasons, and with the most satisfactory results."

Rev. Mr. Abbey's experience is but one of many. He voices the universal opinion in regard to this compound, the best spring medicine in the world. It is not a sarsaparilla, bitters, or nervine. It is a scientific discovery, the most beneficial spring regulator ever known. Pure blood, strong nerves, and clear brain, come to its users.

MAY.

Oh, whom do you think I saw to-day,
Oh, whom do you think I met,
As we came over the woodland way
In all the April wet?

The wind was whistling loud, and high
A roistering, wild March air,
While April clouds went weeping by,
As if in sheer despair.

And all the trees flung out their arms
With shuddering sighs, and yet,
In spite—in spite of these alarms,
Oh, whom do you think I met?

A little child, a little maid,
Whose face was like a flower,
Whose laughing eyes shone unafraid
Through wind and cloud and shower.

She looked at me, she laughed at me;
Then turned and laughing fled.
I looked at her, and laughed to see
How fast her footsteps sped.

And then I called, "Come back! come back!
Come tell me what's your name,
And what you've strewn along your track,
And whence, my dear, you came."

At this she only laughed the more,
And shook her flowery dress,
And said, or sung, as on she bore,
"My name, my name? Now guess!"

And as she thus did sing or say
She flung into my face
The sweet arbutus, spray by spray,
And held upon her race.

And then I knew the lovely thing,
And guessed her name straightway;
She was the darling child of spring,
The little maid called May.

WAKE UP.
If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.

HEALTHY. HAPPY. WHY?

Is he a bright child? Does he look healthy and happy? He is bright, and he is both healthy and happy. He is the little son of Mrs. Henry T. Bowers, wife of the well-known contractor and builder, who resides in Dorchester avenue, South Boston. Mrs. Bowers has had quite an experience with her children, which experience we give in her own words, as follows:

"I have a little boy two and one-half years of age, the perfect picture of rugged health, and also a little girl of four. I attribute their good health and good temper to the use of Dr. Hand's Remedies.

I have used, as occasion required, the entire line, and have had very marked results from the Colic Cure, Cough and Croup Medicine, and the Pleasant Physic. I have never had any but good result from the use of any of them."

And His Cure Was
Almost a Miracle
"C. I. Hood & Co., Lowell, Mass.
"Gentlemen: When I was 14 years of age I was confined to my bed for several months by an attack of rheumatism, and when I had partially recovered I did not have the use of my legs, so that I had to go on crutches. About a year later, Scrofula, in the form of
White Swellings,
appeared on various parts of my body, and for eleven years I was an invalid, being confined to my bed six years. In that time ten or eleven of these sores appeared and broke, causing me great pain and suffering. Several times pieces of bone worked out of the sores. Physicians did not help me and
I Became Discouraged
"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. So a bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was
Up and Out of Doors
To make a long story short, I continued to take Hood's Sarsaparilla for a year, when I had become so fully released from the chains of disease that I took a position with the Flint & Walling Mfg. Co., and since that time have not lost a single day on account of sickness. I always feel well, am in good spirits, and have a good appetite. I endorse
Hood's Sarsaparilla
for it has been a great blessing to me, and to my friends my recovery seems almost miraculous. I think Hood's Sarsaparilla is the king of all medicines." WILLIAM A. LEHR, No. 9 North Railroad st., Kendallville, Ind.

Practical politics took a republican whirl last night and the police force was ripped.

Canada isn't coming in this year, judging by the vote for a Toronto candidate for parliament, who made his canvass as an annexationist. He received 175 votes out of 9,668 cast.

The man who can carry New York is the person for the democrats to nominate for president. Enough other states will choose democratic electors to make success certain. Who is the man?

The Methodist general conference is in session in Omaha. The Presbyterian general assembly will convene in Portland, Oregon. The democratic national convention will be held in Chicago, and the republican national convention in Minneapolis. "Westward the star of empire takes its way."

President Harrison's strength is in the south because every delegate to the Minneapolis convention is a republican officeholder. Of such is the republican party of the south composed. Northern men are wondering if they shall submit to be dictated by this class of "representatives." It looks as if a Harrison bolt in the north might be imminent.

Because of our stupid and unjust navigation laws vessels owned and controlled by American capital have been obliged to sail under the British flag. The passage of the Cochran bill by the house, which grants American registers to foreign-built vessels, removes this disability and gives back to the wide sea winds the stars and stripes of the United States. That a limit should be made restricting this privilege to vessels of not less than 8,000 tons, is to be regretted, and any good cause for such limitation is not apparent. The wonder is that this unreasonable and silly legislation has been allowed to remain so long unmolested.

Suppose all the laws upon statute books were to be enforced? There's the Reading coal deal, for instance—a straight robbery of the people by the coal trust, of millions of dollars. There's a statute against the existence or the formation of trusts. There's an inter-state commerce law which forbids discrimination of rates, and there's a common carrier law which provides that railroads shall not refuse to carry freight. Have any arrests been made under these laws? Then there's a protective tariff tax to sustain the trust in its power to fix prices. Is there any way to handle that phase of the monopoly?

A large proportion of the people's governmental tribute is expended in investigating the delinquencies of the people's servants. Every commission, every bureau, every association of men to attend to the public business must be investigated as to their methods which, of course, come under suspicion. Is public uprightness a lost virtue in this boasted country of Christian enlightenment? It was said of a well-known individual, "He is a splendid fellow personally, but he is a dirty politician." It is a strange code of morals that custom has established, and a dangerous one.

The stability of the present French republic is emphasized in last Sunday's election. The predictions of great gains to the imperialists and monarchists were not verified. An increased number of republicans have been returned, and the general rejoicing in France over this result indicates that the republic is as popular as in the days of its institution. A return to monarchial government does not seem to be among the possibilities for this youngest of strong governments for the people, nor is it threatened with present disintegration because of ascendant radicalism. It is a good showing for France the elections make.

WHEW!

How the Mayor, acting as a police commissioner, by virtue of law, did slash the force on Wednesday night. Half a score of heads rolled into the basket and among them were those of Chief O'Dwyer and three detectives.

Emmick did it. His royal highness the Dodger had a moving fit and made all the motions himself. Vince assumed the entire responsibility for the onslaught, and his backbone was stiffer than a ten-inch steel rod. He has been such an everlasting going-to-do-something for a year, that he thought it was high time to do it, so he made a wholesale job at one whack. He must be real tired to-day. Such violent exercise is brain-racking and nerve-wearing.

IF AND IF.

If a protective tariff on manufactured articles will bring prosperity to the farming community and to the laborer employed in production, why has it not been demonstrated during the quarter of a century of its operation? There has been a constant increase in monopolies, in immense fortunes, and in paupers, in proportion to the population, and an increase of tariff up to date. Why must labor organize to protect itself from such "protection?" Illustration is more convincing than tomes of theory. If taxation brings prosperity, why haven't the working people of this thrice-taxed country gotten a share of the benefit?

GRAND ARMY MEN OPPOSE IT.

It would be interesting to know how many G. A. R. posts have passed resolutions protesting against taking money from the United States treasury to pay part of the expenses of the national encampment, which meets this year in the District of Columbia. The large number of posts that have taken this action, and their strongs protests against such misappropriation of government funds, should have weight in deciding whether this shall be done.

We believe no body representative of the ex-soldiers has asked for it. President Harrison asked for it, and so do citizens of the district who got the encampment for the district by promising to raise the money for its entertainment. In accepting the invitation it was expected the District of Columbia would raise the money as Toledo would raise it were the encampment to come here next year, as all cities that have been honored by the opportunity to entertain the soldiers have raised the money to do it. Farragut post, G. A. R., of St. Louis, in passing resolutions against the appropriation, expresses the sentiment Grand Army men generally entertain, and it is the right sentiment.

"If the appropriation is made," says Farragut post, "or if any appropriation is made for the object for which this is asked, it will establish a dangerous and expensive precedent, which will in time become a great drain upon our national resources, absorbing funds that are needed and might better be applied to the support of aged indigent soldiers. Therefore we are opposed to the said appropriation, or any appropriation for the object stated, either in favor of the city of Washington or any other locality for the same purpose; and we most respectfully ask our honorable senators and representatives in congress to oppose said appropriation and all others of its kind."

President Harrison would better show his interest in the Grand Army encampment by giving his personal check to start a subscription list for its entertainment than by recommending congress shall make an appropriation, which as Farragut, post says, "will establish a dangerous and expensive precedent." But good wishes and recommendations for expending other people's money are cheap. The ex-soldiers will rate this sort of clap-trap at its worth.

HOTEL POMEROY.

Toledoan Honored by a New Yorker.

The Big New York Hotel Gladstone Renamed in Honor of Mr. Geo. E. Pomeroy of This City.

Mr. Geo. E. Pomeroy, of this city, has been honored by having the big New York hotel heretofore known as the Hotel Gladstone, renamed after him. It is located on Broadway at Central Park, and is one of the largest and finest in New York.

A week ago Mr. Pomeroy received the following self-explanatory letter:

Dear Sir—In company with a partner I have leased the big Hotel Gladstone, on Central Park at Broadway. I propose naming it after you and calling the hotel—Hotel Pomeroy. Have you any objection? We expect to make it one of the very best high-class houses in New York. Wire me on receipt of this and I will at once order a flag. I am,

Yours very truly,
LOUIS N. MOSS.

Mr. Pomeroy wired back an answer to the effect that he would be pleased to have the honor conferred on the family name and to-day he received the following dispatch:

New York, May 5.

Geo. E. Pomeroy, Toledo:

Hotel Pomeroy flag raised at noon by Miss Jennie Rohda. Success.

L. N. MOSS.

Mr. Pomeroy wired thanks and wishes for success.

EDGEWATER ASSOCIATION

To Build a Street Railroad to Point Place.

The Contract to be Let at the Meeting to be Held Tuesday Evening, May 10.

The Edgewater association has undertaken the work of building a street railroad to Point Place or Edgewater, as it is now known, via Kramer's Corners and Lang's Bend.

The annual meeting of the association will be held Tuesday evening, May 10, at Secretary Gunckel's office, and besides the election of officers the contract for the proposed railroad will be considered and probably awarded.

Among those interested in the project are Geo. H. Allen, W. J. Baker, J. Bracht, A. B. Couldwell, A. M. Chesbrough, E. C. Chapman, M. R. Dyer, E. A. Eversman, J. W. Greene, Geo. J. Grosenbacher, Dr. Wm. G. Gardiner, J. E. Gunckel, Emil Grah, P. Hassenzahl, F. Hillenkamp, Capt. Chas. Hubbard, J. Langsaf, jr., A. E. Lang, Frank B. Losee, E. H. Potter, J. L. Parks, T. S. Parkhurst, J. G. Pans, C. E. Russell, E. Ross, Anton Rensch, D. L. Stein, F. J. Stolberg, Jno. Stein, W. F. Van Loo, H. B. Wood, H. W. Wilhelm, G. J. Waldvogel.

Secretary Gunckel was asked by a Bee what truth there was in the report that the street railroad was to be built to Edgewater. He said:

"It is a go, the right of way has been secured by the way of Kramer's and Lang's and I think the contract will be let at our annual meeting."

FINDLAY NOTES.

Interesting News from the Brilliant City.

Findlay, O., May 5.—(Special)—The funeral of Miss Flora Simpson occurred yesterday afternoon.

Findlay has just received a certified copy of her bonding bill, and will get it framed.

Contracts for finishing the "Tangent line" will be let this week.

CURRENT COMMENT.

If the next republican platform does not say something of the wonderful growth of the shoddy industry, it will do Mr. McKinley great injustice.—Louisville Courier-Journal.

"Dilatory tactics" seems to be what they call going to the races in Washington. To pursue the simile, betting on the horses should be denominated filibustering and backing the loser, making a division.—Kansas City Star.

The Brazilians complain that the reciprocity treaty between their country and the United States lacks moral validity. That is what ails the whole policy of reciprocity, and all other confidence games.—St. Louis Post-Dispatch.

Henry M. Stanley will be a candidate for a seat in the house of commons. After his experience in African jungles no ordinary difficulties have any terrors for him. He could easily weather a few terms in the house.—Indianapolis News.

The republican party in Ohio just now outwardly presents the appearance of a happy family, but just wait till state officers are to be selected and see how long it will be before Foraker and Sherman get out the knives they have up their sleeves.—New Orleans New Delta.

As is usual, the eastern press are of opinion the river and harbor appropriation of $20,000,000 is much too large. This is probably not a result of the idea that western water ways do not require improvement, but is due to the fact that the money will not be spent in the east.—St. Paul Pioneer Press.

What's the use of the pessimists keeping it up? The facts are dead against them. Says the London Economist of April 23: "Canadians, out of the entire list of government stocks, alone have held their position in the London market, so that they stand higher now than they did at the close of 1890." One reason, the Economist thinks, is that Canada has not been borrowing. But, anyway, the fact speaks for itself.—Toronto Empire.

The repeated lynchings of negroes at Nashville and Memphis are evidence of a barbaric state of things. There are never any miscarriages of justice, at least on the side of the prisoner, when negro criminals are tried in southern court, and there is, therefore, no ground for the pretence that private vengeance must be relied on for punishing such offenders. Southern civilization is advancing very rapidly until it puts a higher estimate upon the value of human life and the processes of law.—Boston Journal.

We direct the attention of the Chicago Inter Ocean to the fact that a negro was shot by a white man at Hollidaysburg last Saturday. The negro, with some of his fellows, was insisting on his right to play billiards in the shooter's saloon. This didn't happen in the south. We also call the Inter Ocean's attention to the starving and maltreatment of negroes by the Adirondack (New York) railroad builders last winter and this spring. This last barbarity, "outrage," if the Inter Ocean pleases, is something the like of which could not occur in the south.—Chattanooga Times.

A RATHER EXPENSIVE SUIT

Wherein the Plaintiff Gets a Verdict,

But on the Other Hand is Out of Pocket on the Deal—The Peculiarities of Litigation.

An incident occurred in common pleas court yesterday, or rather a case developed aptly illustrating the truth that a great many men don't know when they are well off.

This case was instituted by Conrad Jaeger against Wm. Broer et al., to recover $5,000 damages for personal injury. It seems that Jaeger, the plaintiff, fell in a cellarway on Summit street, in front of a building owned by the defendant, and charged that he had negligently left the place open.

Before the case came to trial, Mr. Broer, by his attorneys, Pratt & Wilson, offered to settle for $300, but Mr. Jaeger refused to consider the proposition.

A short time ago the case came to trial, at the conclusion of which the jury returned a verdict for the plaintiff, fixing the damages at $125, this being $175 less than Mr. Broer offered to settle for. To make matters worse the plaintiff was assessed $105 costs, leaving him $20 out of the verdict to pay his attorneys with.

The plaintiff then filed a motion for a new trial, and the defendant argued to have the verdict sustained against himself. The motion for a new trial was overruled yesterday afternoon.

KERR AND LAYLIN.

They Will be in the Fight at the Finish.

Mansfield, O., May 5.—The withdrawal of Hon. C. P. Wickham as a candidate for the congressional nomination in the Fourteenth district leaves Huron and Richland as the only counties in the district with avowed candidates who are promised the united support of their counties, Huron being conceded to Hon. L. C. Laylin, and Richland having already pledged solid support to ex-State Senator Winfield S. Kerr, of this city. As Lorain county is likely to place both E. G. Johnson and ex-Representative W. A. Braman in nomination at the convention, which will be held here May 25, it is generally conceded that the real contest will be between Senator Kerr and Speaker Laylin, though in the event of a deadlock in the convention it is not improbable that Ashland county will present State Senator George Hildebrand as a compromise candidate. So far as known, Knox and Morrow will present no candidates.

IN REGARD TO TAXATION

State Auditor Poe Makes an Explanation.

How the Provisions of the Raw Ing's Bill are to be Complied With.

Columbus, O., May 5.—Auditor of State Poe received a communication from Hon. Richard Smith, of Cincinnati, asking for information upon the following:

"Section 12 of the tax list calls for average value of manufactured stock from April 1, 1891, to April 1, 1892, in accordance with the Rawlings law. This law, however, not having gone into effect until June 1, 1891, are manufacturers required to make returns for ten months only? That is, ascertain the monthly average of stock for twelve months and return for taxation only ten-twelfths of that amount. Or are they required to return the average value for one year and be charged only with ten-twelfths of the tax for one year?"

In response to the inquiry, Mr. Poe issued the following this morning:

Hon. Richard Smith, Cincinnati, O.

Dear Sir: In reply to yours of the 22d ult., with reference to returns to be made by manufacturers under section 2742, as amended April 23, 1891, will say that in my opinion the provision under the second section of the Rawlings bill to the effect that the act shall not take effect until June 1, 1891, relates to the fact that not until after June 1, 1891, is the manufacturer required to make the statement prescribed by the section as amended, but the law explicitly says that when the manufacturer does make his return for taxation he shall "also include in his statement the average value estimated" of raw materials, partly manufactured and manufactured articles, "which from time to time he shall have on hand during the year next previous to the first day of April annually." This appears to me to require that the entire twelve months prior to the first of April, 1892, if the manufacturer shall so long have been engaged in business, shall be taken into account in ascertaining the average value to be returned by him for taxation at this time. Evidently no return, even for two months, can be made under the old law, because the old law was repealed before the time came for the manufacturer to make his return under it. The mere fact that the new law did not take effect until June 1, 1891, does not exempt the manufacturer from making a return based upon the entire year's business preceding listing day of this year, such time of business being required in order to ascertain the average value "on the last business day of each month" that the manufacturer was doing business, which is the basis for taxation under the law. This, I think, is a fair construction of this law.

WIND STORM IN INDIANA.

Indianapolis, May 5.—A special to the News from Fort Wayne, Ind., says: While the family of Daniel Mercer, a farmer six miles north of Decatur, on the Grand Rapids & Indiana road, were asleep, a terrible wind storm tore the house and outbuildings from their foundations and overturned them. Mercer and wife were badly injured, and a 5-year-old son was fatally injured. Several head of cattle were killed and other houses in the vicinity were damaged.

NEW CORPORATIONS.

Columbus, May 5.—The following articles of incorporation were filed in the office of the secretary of state yesterday: The Western Electric Light and Power company, Toledo. Increase of capital stock from $30,000 to $2,000; the Marietta Manufacturing company, Marietta, capital stock $75,000; the Cincinnati Novelty Manufacturing company, Cincinnati, capital stock $25,000; the Ross Street Building and Loan Association company, Sharonville, capital stock $500,000; Justice H. Rathbone Lodge, No. 403, Knights of Pythias, Findlay; Or Hadesch Anshe Swart Congregation, Cleveland.

TEACHERS TO RESIGN.

Akron, O., May 5.—At the close of the present year Buchtel college will lose two of her most successful teachers. Miss Mary E. Jewett, since 1885 Pierce professor of English literature, and Miss Dora Merrill, professor of history, have announced to President O. Cone their determination to sever their connection with the college at commencement in June.

SENTENCE COMMUTED.

Columbus, May 5.—Gov. McKinley to-day commuted the sentence of Joel Woddle from life imprisonment to 20 years. Woddle was convicted of second degree murder in Lawrence county in 1878. The transfer of Steven Taylor and Victor Chaplain from the penitentiary to the Boys' Industrial home was ordered. They were sent in from Cuyahoga county.

WEDDING POSTPONED.

Paris, May 5.—The marriage of Mr. Austin Lee, secretary of the British embassy at Paris, to Mrs. DeWolf Taylor, an American lady, which had been arranged for to-day, has been postponed until the middle of May.

CATTLE KILLED BY LIGHTNING.

Newton Falls, May 5.—A heavy electric storm passed over this vicinity. When John Miller, a farmer living about one mile south, went into his field the next morning in which he kept ten head of fine cattle, he found five of them dead, having been killed by lightning.

SMAUK NOMINATED.

Lima, O., May 5.—C. Smauk, of Mercer county, was nominated for congress in the Fourth district.

TOOK ROUGH ON RATS.

Caldwell, O., May 5.—Mrs. Sylvester Caldwell, residing in Sharon township, this county, committed suicide by taking a dose of rough on rats. Despondency was the cause.

SUED FOR LIBEL.

John Brennon Wants to Prove That He Is a Gentleman.

London, May 5.—John Brennon has brought a suit for libel against the well-known correspondent, Harold Frederic, alleging that Frederic had caused to be published in a New York newspaper a statement alleged to have been made by the chairman of a banquet in which Frederick participated to the effect that Brennon was not fit to mix with gentlemen.

The chairman denied having made the statement and it is alleged in the complaint that Fredric requested the Dalziel agency to forward the alleged libellous imputation to a New York newspaper. This Frederic denied. The case came on for trial to-day and Mr. Brennon obtained a verdict of fifty pounds.

ANOTHER COAL COMBINATION

Seven Thousand Acres of Land Transferred.

The Consolidated Cambridge Company is the Name of the New Corporation.

Cleveland, May 5.—Another immense coal deal was consummated yesterday at Baltimore, which directly affects Northern Ohio. Seven thousand acres of lands in the heart of the Guernsey county coal fields were purchased by capitalists of this state, Pennsylvania, Maryland and New York.

Included in the purchase is the celebrated Trail Rini mine, formerly operated by the Wheeling and Lake Erie Coal company and the Cambridge and Elmira Coal company. The Hartford mines, formerly owned and operated by the Buffalo Coal company, are also included in the deal. The daily capacity of these mines is 2,000 tons. The property has been merged into a stock company, under the statutes of Ohio, and its corporate name is the Consolidated Cambridge Coal company.

The territory is reached by the Baltimore and Ohio railroad, the Cleveland and Marietta railway and the Eastern Ohio railroad. In a short time it will have another outlet by the Pennsylvania company's lines to the west over the Cleveland and Marietta railway, the Newcomerstown and Coshocton railroad and the Walhonding Valley line, now being constructed by General Warner for the Pennsylvania company.

The Pennsylvania company's lines will be used for hauling coal thence to the west and northwest. This, with a route to Cleveland by way of the Cleveland and Marietta and Valley railroads, and a route to Chicago and Sandusky by way of the Baltimore and Ohio has prompted the projectors of the enterprise to purchase a large equipment of thirty ton capacity coal cars, which will be duplicated by the several lines.

Mr. William Thornburg, now assistant to the president of the Valley railway, has been selected to manage the property, with full authority to begin at once to develop the same by the use of the most modern machinery and appliances. A new shaft mine, the Walhonding, will be opened very soon and others as fast as equipment is obtained to require a larger output.

GROUND TO PIECES.

An Unknown Man Killed by the Cars Near Norwalk.

Norwalk, May 5.—(Special)—This morning the body of a strange man was found at Woodlawn crossing, Wheeling & Lake Erie road, near the cemetery, who had been run over and horribly mutilated by the passing freight train.

He was about 30 years of age, wore dark colored clothes, and was evidently a tramp.

So horribly was he multitated that there was nothing whole about his body except his hands and feet. The remains were taken to Hay, the undertaker, in a soap box. There was nothing about his person to tell who he was or where he came from.

THEY WORKED THE PEOPLE

Porter's Census Was a Base Fraud.

Enumerators Arrested for Padding the Census in Order to Fix up McKinley Statistics.

Philadelphia, May 5.—Henry Huston, who was arrested yesterday was held by United States Commissioner Bell in $2,000 bail for a further hearing to-day, on the charge of perjury, forgery and knowingly and wilfully making false returns as a census enumerator of the manufacturing industries of Philadelphia.

The warrant for Huston's arrest was sworn out by Special Agent Williams of the Eleventh census in charge of the collection of manufacturing statistics.

Huston is only the pioneer arrest and others will follow to-day and to-morrow as fast as the evidence against them can be gotten into shape.

VAN WERT NOTES.

Van Wert, May 5.—Corbin Harrod, an employe of the Everett & Smith scroll works, in this city, met with the misfortune of having four fingers cut off while working at a planer. One finger was cut from the right hand and three from the left.

The trustees of Ridge township, this county, have appointed G. L. McKibben, late chief engineer of the Cincinnati, Jackson & Mackinaw railroad, to draw the necessary specifications and superintend the work of pike construction which is now beginning in great earnest in this county.

NORWALK GOSSIP.

Norwalk, O., May 5.—R. G. Elliott, a well-known citizen and an employe in the W. & L. E. car shop, this city, died very suddenly at the shop.

A. D. Beechy has been re-elected superintendent of the Norwalk public schools for two years, at a salary of $1,400, an increase of $100.

Miss Emma A. Higgins, of this city, daughter of Fred Higgins, was married to C. Eugene Moore, of Chicago.

HOME TO HIS WIDOW

The Remains of Charles E. Sherwood Were Sent.

He Had a Wife, but Fell in Love with Another Girl and Then Committed Suicide.

Hartford, Conn., May 5.—Charles E. Sherwood, of Boston, who located in this city last November as a photographer, became infatuated with Miss Minnie Marshall, a handsome young woman of this city. He paid her many attentions, which were accepted, and everything ran smoothly until about three weeks ago, when Minnie's parents heard that their daughter's admirer had a family in Boston. The matter was investigated and the report found to be true.

Sherwood became desperate and after ineffectual efforts to see Minnie he told a friend that he was going to kill himself. He kept his word in a most remarkable and romantic manner. Early yesterday morning when Minnie happened to glance from her chamber window she saw Sherwood standing in a vacant lot adjoining the house.

He made no motion, nor did he speak, but fixed upon her an awful stare. A moment later he raised a phial to his lips. Then there was a flash of a revolver and a sharp report.

Sherwood was dead before passersby could reach him. In his pockets were found Minnie's photograph, a lock of her hair and a few letters which bore traces of having been read and re-read. The body will be forwarded to his widow in Boston.

NONE BUT ROYAL

Baking Powder is absolutely pure. No other equals it, or approaches it in leavening strength, purity, or wholesomeness. (See U. S. Gov't Reports.) No other is made from cream of tartar specially refined for it and chemically pure. No other makes such light, sweet, finely-flavored, and wholesome food. No other will maintain its strength without loss until used, or will make bread or cake that will keep fresh so long, or that can be eaten hot with impunity, even by dyspeptics. No other is so economical.

The official chemists of the United States and Canada, State analysts, municipal boards of health, and physicians indorse the great qualities of the Royal Baking Powder.

FOR POLITICAL REFORM.

Lucas County Club No. 1 Is Organized

By Representative German Citizens—The Club is Non-Partisan and Will Advocate Such Reforms as Will Smash the Machine in Politics

For some time there has been a movement among the representative German citizens of Toledo and Lucas county for the formation of a society, the object of which should be the securing of reform in political methods by non-partisan discussion of present evil political tendencies. The movement has now taken shape in the organization of a club which bears the name "Political Reform Club of Lucas County, No. 1," and which includes in its membership Guido Marx, Prof. Martin Friedberg, Frank Hillenkamp, Charles Zirwas, Richard Kind, Louis Beckman, Geo. Schuck.

The club has adopted constitution and by-laws, and among the changes in political methods to which it is pledged are the following: Election of president of the United States, senators and members of the house of representatives by popular vote; abolition of the office of vice president; abolition of the electoral college and substitution of a national college of deputies selected by states by popular vote; abolition of the caucus and of nominating conventions. The club is and is to remain strictly non-partisan, and invites membership of all German-speaking citizens who desire reform in politics.

Messrs. Friedberg, Kind and Beckman, as an executive committee, are now arranging for a public meeting, the time for which will be announced as soon as the hall is secured. At this meeting Prof. Friedberg will deliver an address in German, fully setting forth the purposes of the club.

It is understood that an English speaking club for similar purposes is in process of organization.

OF SCIENTIFIC INTEREST.

Seventy Miles an Hour and 1,600 Horse Power.

New York, May 5.—An important engineering test has been made on Locomotive No. 870, running the Empire state express on the New York Central road. The work was done by Angus Sinclair, editor of the Locomotive Engineering. He sat on a box on the front of the engine cylinder and took steam indicator diagrams all the way between New York and Albany. A speed of 78 miles an hour was recorded and the engine developed 1,600 horse power. The work of pulling that fast train was performed on a coal consumpton of two and one-eighth pounds of coal per horsepower per hour.

DEPEW FOR HARRISON.

Chicago, May 5.—At least one of New York's "big four" delegates to the republican national convention will vote on first ballot for the nomination of Benjamin Harrison. This one is Chauncey M. Depew, who arrived in town yesterday. "I am glad to say that I shall vote at Minneapolis for the renomination of President Harrison," said Mr. Depew. "Of course there are those in New York's delegation who are opposed to Harrison, but I believe that the majority of our delegates favor his renomination."

SYMPATHETIC INQUIRY.

A peasant woman all in tears accosted the doctor as he was coming out of the house of a patient to whom he had been summoned in great haste.

"Ah, sir, can you tell me whether poor Mathurin will ever get well again?"

"Yes, yes; don't alarm yourself."

"Oh! that's better!" And with a sigh of relief she continued: "You see, doctor, I lent him yesterday 15 francs without taking a receipt."—Boston Herald.

One of those scientific gentlemen who spend their time in determining results on impossible hypotheses, estimates that if the earth should come in contact with another body of the same size the quantity of heat generated would be sufficient to melt, boil and completely vaporize a mass of ice fully 700 times that of both the colliding worlds, or, in other words, an iced planet 150,000 miles in diameter.

Dr. Julian Chisolm says there are engraved stones in the British museum showing that the fashions in garments and headgear of the women of Babylon about the time of the deluge were about the same as those now prevailing.

Love rules the court, the camp, the grove,
But this we find where'er we rove,
That SOZODONT alone supplies
The dazzling teeth and ruby dyes,
That lend a maiden half the charms
That win her to her lover's arms.

It is an old-fashion notion that medicine has to taste bad to do any good.

Scott's Emulsion is cod-liver oil with its fish-fat taste lost—nothing is lost but the taste.

This is more than a matter of comfort. Agreeable taste is always a help to digestion. A sickening taste is always a hindrance. There is only harm in taking cod-liver oil unless you digest it. Avoid the taste.

There is a tree about 40 miles from Charleston, N. C., which is 31 feet in circumference near the ground and divides into five enormous branches, each of which would make a fine tree. The tips of the branches nearly touch the ground at about 30 yards from the trunk. It is a live oak.

"It has been estimated," says the Tropical Florida, "that there is in this state 350,000,000 tons of moss hanging on our trees. This, when gathered and cured, is worth 4 cents per pound at our doors. If it is worth 1 cent a pound it would amount to the enormous sum of $7,000,000.

From an ancient account book found at Eastport, Me., it appears that in 1797 tobacco was sold by the yard in that settlement. The limited purchasing power of a day's wages at that period is shown by the price of nails—1s. 2 1-2d. pound. A day's ordinary wages would pay for about four pounds of nails.

The Italian peasant probably consumes more flour than the peasant of any other European country, because the manufacture of flour into various forms of macaroni is common in all the poorer Italian households. Italians are peculiarly ingenious also in their treatment of dough, which they make into many curious and appetizing forms.

The diamond to be cut is mounted in solder, contained in a brass cup at the end of a piece of copper wire, which is held in tongs on the mill disc. The revolving disc is charged with diamond dust and oil, presenting, so to speak, a diamond surface, upon which the diamonds, soldered in a cup, are cut and polished. The mills run 2,600 revolutions per minute.

In the most advanced Continental glass manufactories glass blowing is no longer done by the mouth, but by compressed air. Lead mixing is done by workmen wearing a mask in which are inserted sponges on a level with the nose and mouth. It is in this manufactory that the glass panes perforated in conical-shaped apertures to admit the air are made.

The earliest authentic account of lace is about the sixth century, when high born Italian nuns wrought it for the adornment of the sanctuary. Even before the English nuns were famed for the very open English work, wonderfully lacy in effect. Monks, as well as nuns, gave their minds to it. St. Dustan himself did not think it derogatory to make designs for the convent workers.

The most wonderful woodpile on record is owned by a man of Oxford county, Me. Clara Louise Kellogg took a large Maltese cat named Peter to her summer residence at New Hartford, Conn., last year. A few days ago the animal was accidentally caught in a neighbor's steel trap, and he was so fierce with rage that when the owner of the trap released him he flew at the man and bit a piece out of his lower lip. Peter will catch no more mice for Mme. Kellogg, however; he now lies in a timely grave.

The big saw at the steel works of Carnegie, Phipps & Co. is an immense piece of machinery, covering a space of about 40 feet square. The saw proper runs horizontally, and is seven and one-half feet wide and about one inch thick, with inserted teeth. It is manufactured by Heine Ehrhardt, Dusseldorf, Germany, weighs about 160 tons and was imported at a cost of nearly $40,000. It will be used for cutting bevels on heavy armor plate.

A new penny-in-the-slot machine has been fitted up in England for the collection of letters. It is in electrical connection with the postal telegraph office opposite the station. On dropping a penny into the slot and pulling out the slide, a brown colored envelope containing another envelope and a card appears. The act of withdrawing the slide sends the call signal to the telegraph office, and a messenger is at once dispatched to the station to take the message.

There are no great woolen factories in Egypt, but the looms are scattered in small numbers over the country. According to Felix Mengin, in his "Histoire Sommaire de l'Egypte, 1823-38," published in 1839, there were in Egypt in 1823 4,000 looms for weaving woolen stuffs. These stuffs were used to dress the fellahs and the sailors and for bed covers, etc. The course wools of Upper Egypt were chiefly used for those purposes, not being suitable for any other use

In Sioux City, Iowa, the saloon keepers have been much disturbed of late by the raiding of their places under the direction of the mayor, who, though not a prohibitionist, declares his intention of enforcing the laws. Last Sunday the saloon keepers succeeded in harassing the better element by arresting the persons who undertook to operate the local railroads as usual, and as the arrests were made during the hours of service in the churches they compelled some five hundred churchgoers to walk five miles to reach their homes.

The blind faith of the Italian fishermen in the efficacy of holy relics is pathetic. "Many of them," says a correspondent, "keep themselves in a state of utter impoverishment in providing necessary amulets and charms. Not only is the fisherman's person covered with these, but his boat must also possess all possible saving power through these religious appliances. Should some great storm arise and genuine danger come, one by one these objects are cast upon the waves with a faith that is positively sublime. Meanwhile his wife ashore, possessed of the same implicit and pious confidence, gives her most precious relics to the sea that her husband may come safe to land."

THE HONEYSUCKLE'S STORY

Her mother planted me when she first married John Grant, the gamekeeper, and came home to live. As you see, the lodge is very pretty, but gray stone always looks cold and dread if there are no clinging vines to enliven the picture. That is why I am here—to enliven and beautify—and I flatter myself that I more than fulfill my duty.

Yes, as I was saying, her mother planted me and at twilight, when John had finished work, they would come together, and she would say:

"How that honeysuckle grows! Why John, I do believe it will blossom before next summer."

"I shouldn't wonder, dear," he would answer. "This lodge will look nearly as fine as the Great House with the honeysuckles covering it all over."

How proud we were—we three—on the day when my first tendril twined round the doorpost.

Thus I grew and flourished in the sunlight and gradually the whole front of the lodge was gay with nodding blossoms. But although I was happy, still at times a lonely feeling overcame me that I could not account for. John had his work to do, and even the little wife had no time to waste on the porch. But one morning my silent wish was gratified, for they brought her out to the doorway—a tiny bundle of flannels—a baby—and I knew my playfellow had arrived.

Then came the Sunday morning when a little triumphant procession filed down the path with baby in her best robes. In about an hour they returned with several additions to the party, and sat down to cakes and wine on the porch. Presently John rose and proposed a toast, "Miss Louise Grant." Then I knew they had been to the christening.

Now you see there were two of us to grow—Baby Lou and I; and the days passed like dreams. She would play by the hour, digging in the soft earth about my roots, stopping occasionally to pick a bunch of my choicest blossoms and thrust them through the big gate to the passers-by.

One morning she came out with a school bag on her arm, and my lonely days began once more.

Thus the years passed, and Lou grew to be a woman with a sweet, gentle face—not exactly beautiful, but so loving and true that every one called her pretty; and it seemed to me that "Master Fred"—as John called the heir to the Great House—came to the lodge oftener than before. At first an errand for his lady mother would be the excuse; then he would develope a suspicious anxiety for John's opinion of the advisability of inviting a party down for the shooting; but finally all disguise was abandoned, and Louise would watch for him, leaning her brown head against the pillar of the piazza, where I could caress her to my heart's content. But not long was this pleasure afforded me, for when his firm tread was heard upon the gravel her little figure would straighten and grow tense with impatience and her blue eyes strain to catch a glimpse of the beloved form through the gathering shadows.

They would sit together in the moonlight, and I nodded and bent vainly in my efforts to hear their low whisperings. A cluster of blossoms brushed his face and attracted his attention. He broke them off, kissed them lingeringly, and tenderly pinned them in her hair. Ah, those were happy days!

She loved him truly, and he knew it; but Master Fred grew tired, and the time came when she would watch for him in vain, night after night. Finally, if he did not appear, it was to "stay only a few minutes," as he had come "just to see how they all were," to carelessly pat her cheek, tell her she looked as if her head ached, kiss her lightly and go. Still she believed in him.

Finally his anxiety for the family welfare seemed to die out entirely, and one morning Tim, the gardener, stopped at the lodge on his way to the green-houses.

"Hey, John! John Grant!" he called lustily.

"Hello, Tim! How goes it?" asked John, coming round the house. "How are the wife and little ones?"

"All rosy, John, thanks be to God! But have you heard the news from the Great House? Master Frederic will soon be taking to himself a wife. Miss Humphrey of the Place—you remember, the tall one with the black hair, that was at the House last summer. She—"

"Hush!" whispered John, suddenly, for Lou stood in the doorway.

Had she heard? Surely not, for she came down the steps smiling.

"Good morning, Tim. All well at home? How is May's croup?" And presently as Tim picked up his watering-pot preparatory to leaving, "Well, remember me to your wife, and tell her I will send that receipt for lemon pie this very afternoon, sure!" with a nod and a smile as the two men walked off together.

But when they were out of sight—ah! I knew she had heard! She grasped my trunk for support, and sinking her head on her arms cried passionately, but with a tinge of despair—

"Oh, I don't believe it! I don't believe it! I don't! He could not! He would not! Why, didn't he say only yesterday that he—"

She smiled at the recollection, and whispered contritely—

"Oh, my dearest, forgive me! It was cruel of me to doubt you for one instant. There is a mistake somewhere. He will make everything all right."

Lifting her head, with renewed hope and trust, she went in, and presently I saw her stealing off in the direction of the woods, probably to "think it out."

That afternoon a party of young men came to the lodge, bringing her home with them.

"We were shooting in the woods," one explained, "and the young lady has caught a stray shot in her arm. It is very unfortunate, but I assure you it was an accident, and the wound is very slight, a mere scratch in the flesh, nothing more."

And with profuse apologies from the whole party, they left her to her mother.

True, it was only a scratch, but Lou seemed to have lost her old light-hearted smile, and went around the house looking like the pale ghost of the girl who used to watch for her lover under the shadow of my blossoms.

This went on for a week or two, until one night Lou came out in the moonlight alone, and after digging a little hole by my roots, dropped into it a package of notes and a cluster of withering honeysuckle blossoms. Her mother, stepping out on the porch, was alarmed at finding her standing there in the still night air. She called to her softly:

"Lou, dear!"

At that the girl's heart overflowed, and in a low, subdued voice that I could scarcely hear, she told the sad little story of the afternoon in the woods.

She had wandered on for about an hour, she thought, when a rustling in the thicket startled her, and turning, she saw a familiar figure emerge into the path. The first thought that came to her was of the doubts of the morning, and that now he would explain everything satisfactorily. She had cried "Fred!" and ran toward him, when she heard a report and felt a sharp twinge in her arm.

She fell, stunned, more from fright than anything else, and lay there with closed eyes for a moment, trying to collect her scattered senses. There was a confused murmur in her ears, and what was evidently the remainder of a shooting party hurried up. Presently one voice said distinctly:

"Why, Fred, do you know her? She called your name. One of your flames? Awfully sorry I shot her. Fine girl!"

Then another, with a laugh:

"Been at your old tricks, I see. What will the divine Miss Humphrey say to her 'Don Juan'?"

And he had answered indifferently:

"Oh, nothing serious, I assure you! My dear Guise, do give me credit for better taste than that! Good enough girl; her father's the lodgekeeper on the place here; honest people, you understand. She's a nice little thing for one of her class. Rather pretty, too, eh?"

He joined in the laughter. Then she had fainted.

"He shall never know I heard," she finished softly. "It might worry him." And covering up the little grave of her treasures, she went in.

That was many years go. Now she comes, a sweet, peaceful woman, with gray threads in her hair, and sits down in the shade of my waving branches; and the lilies planted around my roots are always whispering the story of the secret they hide, and I whisper it back again to them and to her. We are great friends, she and I and the lilies.—San Francisco Call.

ABOUT PEOPLE.

Gen. Lew Wallace signs his name to hotel registers as from Constantinople.

It is announced that Premier Abbott will be knighted shortly by Queen Victoria.

A sister of Cardinal Manning survives him at 90 years of age, and is active in charitable work.

Paderewski will take his long lemon hair and $75,000 in cash back home with him. He plays and it pays.

Gov. Peck, of Wisconsin, directs attention to the interesting fact that the four leading officers in that state are all practical newspaper men.

The Rev. Epaminondas J. Pierce, of Philadelphia, has left his estate, valued at $200,000, for the education of colored youths for the ministry.

Miss Sarah A. Latham holds the position and performs the duties acceptably of United States circuit and district court clerk at Springfield, Mo.

There are but eight surviving members of the United States senate of the session of 1860-1. They are Willard Saulsbury, of Delaware; Lyman S. Trumbull, of Illinois; James Harlan, of Iowa; Anthony Kennedy, of Maryland; Henry M. Rice and Morton S. Wilkinson, of Minnesota; Thomas L. Clingman, of North Carolina; and James R. Doolittle, of Wisconsin.

It is somewhat singular that the German minister of finance, Dr. John Miquel, who, next to the chancellor, is the most important member of the kaiser's cabinet, should be of French parentage. Dr. Miquel is a man of 63 years, more than half of which he has passed in public life. In his younger days he was an enthusiastic radical of communistic views, but with the advance of age he has oscillated to the other extreme of conservatism. One who remembers him as he appeared in the flush of youth, describes him as a slender young man with dark face, and black hair and eyes, and an intense activity and energy that gave promise of future prominence. Besides his long-continued membership in the Prussian legislative assembly, Dr. Miquel has twice been mayor of Osnabruck, and once of Frankfort-on-the-Main, and he was for many years a director in the most important of Berlin's financial institutions.

City Auditor's Office

Toledo, O., March 30th 1892.

The committee on ways and means of the common council of the city of Toledo, Ohio, and the undersigned invite sealed proposals at this office to

MONDAY, MAY 2ND, 1892.

at 7 o'clock p. m., for the purchase of Sewer Improvement Bonds to the amount of Thirteen Thousand Five Hundred ($13,500) Dollars, bearing date March 21, 1892, and payable as follows: Thirteen Hundred and Fifty Dollars on March 21, 1893, and Thirteen Hundred and Fifty Dollars at the expiration of every six months thereafter, to and including Sept. 21, 1897, at the office of the city treasurer, with interest at the rate of five (5) per cent. per annum, payable semi-annually at the same place as evidenced by coupons to be attached to said bonds.

Said improvement bonds are issued pursuant to Section 2380 of the revised statutes of the state of Ohio, as amended April 16, 1880, and also under an ordinance of the common council of the city of Toledo, Ohio, "To provide for the issue of improvement bonds to pay the cost and expense of the construction of Sewer No. 351, situate in the right of way running from Dorr street to Detroit avenue, from the sewer in Junction avenue to Monroe street."—Passed March 14th, 1892.

The denomination of these bonds will be each payment two bonds of $675.

The said bonds will be sold at not less than par and accrued interest, to the highest bidder.

Bidders will be required to state the gross amount they will pay for the bonds besides the accrued interest to date of delivery at Toledo, Ohio. They will also be required to deposit with each bid an amount of money or a certified check on some responsible bank equal to at least five (5) per centum of the par value of the bonds, so bid for, as a guarantee of good faith, and that the bid so made (if successful) will be fulfilled in accordance with the terms thereof, and the requirements of the law and ordinances. When the bids have been examined, and the award made according to law, all monies or checks deposited as guarantees shall be returned to the depositor, or held by the city auditor subject to his call except that of the successful bidder, which shall be held and considered, and accepted as part payment of the bonds so awarded or sold, but should there be any repudiation of the contract or agreement, or refusal to accept and pay for the bonds so sold, then and in that case the deposit shall be forfeited to the city of Toledo, and shall become the property of said city, in compensation for loss and expenses attending the sale of said bonds and as liquidated damages for repudiation of bid. And no bid will be received if not accompanied by money or check aforesaid.

The right is reserved to reject any or all bids.

Proposals should be addressed to the Auditor of the city of Toledo, Ohio," and be indorsed "Proposals for improvement bonds."

WHAT THE DOCTORS SAY

They Agree Upon an Important Subject.

After a Most Careful Investigation They Completely Endorse One of the Greatest Discoveries of the Age.

Did you ever stop to think that the hardest worked people in the world are physicians? They are called out at all hours of the night; they have no day of rest; they are brought in contact with suffering constantly; there is a great strain upon them, especially if they have sympathetic natures. It is not surprising, therefore, that they feel distrustful of preparations or remedies seeking to cure without the aid of a physician—it is only natural that they should feel so. But when prominent and well-known physicians voluntarily make such statements as follow, it is not only remarkable, but shows how certain they must be of the truth of what they say:

L. E. Quimby, M. D., Rangeley, Me.: "Although it is not considered etiquette for a practicing physician to in any way aid in the introduction or sale of a proprietary medicine, still when we meet with an article of undoubted merit I believe it becomes our duty to not only use that article in our practice, but to introduce it to others and let them know what it will do. An old acquaintance of mine had been a sufferer from bilious headache for 40 years. The attacks came regularly every two weeks, and lasted, on the average, two days, she being confined to her bed during this time, suffering intensely. Hundreds of dollars had been expended in medicines and doctors, but without any permanent relief. She was at last persuaded to try Warner's Safe Cure. Seven bottles of the Safe Cure cured her of this terrible disease, and during the past seven years she has not had a single attack of the old trouble. This after having been afflicted for 40 years.

"In October, 1884, I was called to attend the little son of David Moore, of Madrid, Maine. I found him suffering from general anasarca, and bloated so that it was very hard for the little fellow even to breathe. By the heroic use of diuretics, cathartics and absorbents I was able to temporarily relieve him. But, do all I could, the same condition would present itself as soon as the medicine was stopped. I had three of the old physicians of the county in consultation, but it did no good. The boy failed every day. I do not believe that under our treatment he would have lived two months. I gave him up, and as a favor requested the father to try Warner's Safe Cure. The first bottle relieved him more than all our medicines had done, and less than a dozen bottles permanently cured him, and he is to-day as tough and rugged as any boy in the town."

Tyre York, M. D., House of Representatives, Washington, D. C., says: "Some time since I contracted malarial fever in eastern North Carolina, and suffered very much for two months. The disease finally located in my kidneys, and I had almost given up ever getting well again, when I commenced taking Warner's Safe Cure and at once found relief. My urine has been for a long time almost the color of blood. Very soon after taking the Safe Cure it cleared up and my kidneys were as sound as ever. I think Warner's Safe Cure a great blessing to mankind, and if taken regularly will cure almost any disease of the kidneys. I take great pleasure in prescribing it in my practice."

J. D. A. Pohte, Buffalo, N. Y., declares: "Some time ago I had a patient suffering severely from Bright's disease, the urine being nearly one-half albumen with casts plentiful under the microscope. I treated her with all the remedies usually employed by medical men, but without any perceptible benefit. Having heard so much of Warner's Safe Cure, and knowing that the regular prescriptions were useless from trial, I recommend its use. From the very first bottle she commenced to mend, and after she had taken some half dozen bottles the albumen had disappeared, the urine resumed its normal color and the patient recovered entirely from her kidney trouble. This unexpected result gave me great confidence in the remedy and, putting aside my professional prejudice, and with an eye single to my patients' welfare, I have continued to prescribe it in many instances, and with uniform success."

B. H. Mars, M. D., St. Louis, Mo.: "After using all remedies known to me as a regular graduate and practicing physician in one or two cases of kidney disease or Bright's disease, I concluded to prescribe Warner's Safe Cure. It worked like magic and restored the patients to health, which greatly astonished me. If the virtues of your remedy were known among doctors they would certainly prescribe it for kidney disease."

C. Onyette, M. D., Wyandotte, Kas.: "With Warner's Safe Cure I have cured several cases of Bright's disease and other very bad kidney disorders. I believe it far superior to any remedy known to the medical profession. It is one of my daily prescriptions, and is of great service in every instance."

These are doctors of standing, dignity and conservatism. They make no statements, but such as they have ascertained to be true after the most careful investigation and their statements prove beyond question the power and value of this great scientific preparation of which they speak.

A Halt Called on the Caron Proceedings.

A Royal Commission to Take the Evidence, Doctor it Up and Then Report it to the House.

Ottawa, Ont., May 5.—The impeachment of Sir Adolphe P. Caron, postmaster general of Canada, for malfeasance in office, preferred by J. D. Edgar, M. P. for West Ontario, assumed a new and almost unexpected shape yesterday.

On the reopening of the debate yesterday Mackenzie Bowell, minister of militia, cut a large portion of the ground from under the feet of the opposition by abandoning the position occupied by the government, and moving in amendment to Mr. Edgar's motion that a royal commission be appointed to take the evidence on all these charges and lay it before the house when complete. The compromise is the result of vigorous kicking on the part of the government supporters.

The compromise met with strong opposition in an animated debate. The liberals are enraged at the change of government and the house had a long session.

There are many forms of nervousness in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

KNIGHTS OF MALTA.

Allentown, Pa., May 5.—The annual convention of the ancient and illustrious order of Knights of Malta will be held here this week. The sessions began this evening. Many visiting members of the order will be present. The town has been handsomely decorated for the occasion. Most of the delegates have arrived.

MILLIONS OF MOTHERS.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, allays all pain; cures wind colic, and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

EVIDENCE OF MORE DEAD.

Philadelphia, May 5.—A human foot, with a portion of a leg was overturned in the ruins of the Times annex this morning. It was found in a spot where no one expected to find remains of human beings.

The yearly fair in the Carpathians (Roumania) is still vigorous, and on the feast-day all the marriageable maidens of the regions round about assemble on the summit of the Gaina, six thousand feet above the level of the sea, in order that they may be wooed and won by bachelers who can afford to keep a wife.

There is in Rutherford, N. C., a terrapin which was picked up in 1840 by Mr. M. S. McCurry, of Golden Valley, and the date cut on the shell. The same terrapin has been found and marked from time to time until now it bears the dates 1840, 1865, 1875, 1876, 1880 and 1891.

THE MAY MEETING

Of the Toledo Suffrage Association.

Resolutions on the Death of Mrs. Jeannetta Klinge—Memorial on Prof. Amelia B. Edwards—Delegates to the State Convention.

The May meeting of the Toledo Suffrage society was held in Fort Industry block yesterday afternoon, Vice President Mary F. Lang in the chair, Mrs. Mary J. Barker, secretary. Mrs. Lang spoke of the work done for the society and for all humanitarian causes by Mrs. Segur, the society's president, and of the loss she had sustained in the death of her mother, and Mrs. Sarah R. L. Williams offered the following appropriate testimonial, which was adopted:

"Whereas, Our honored president, Mrs. Rosa L. Segur has been called to part by death with the truest friend that woman ever knows, a loving mother, we desire to tender our most affectionate sympathy and condolences.

"Though no tongue has yet revealed the hereafter of mortal life, yet the infinite mystery which shrouds the beyond recedes before the trust which recognizes the universal Wisdom and Goodness ever active here and in all the universe.

"There is comfort in the belief that love of friends outlives the physical life. All attractions and sympathies point to a reunion in that realm which seems to us so shadowy now, but beyond the world of sense so real. Love underlies all experiences and all conditions; all sorrows and all joys; and 'mid the severing of earthly ties this hope survives.

"Resolved, That a copy of this expression of our sympathy be presented to our president, Mrs. Segur."

A memorial on the death of Prof. Amelia B. Edwards was presented by Mrs. Mary J. Cravens, which was an eloquent tribute to one whose life and ability adorned her sex.

Delegates to the state convention of Suffragists at Salem were announced as follows: By virtue of office, Mrs. R. L. Segur, honorary vice president, and Mrs. Ellen S. Fray, district vice president; delegates, Mesdames E. N. Bailey, Lucie Harmon, Mary F. Lang, Sarah S. Bissell; alternates, Mesdames S. H. Morgan, M. J. Barker, E. R. Collins, Julia P. Cole.

Mrs. Sarah R. L. Williams, for the committee on police matron for April, reported the committee had visited the police station three times during the month, but had not been received. The committee appointed to visit during May is Mrs. S. H. Morgan and Mrs. Julia P. Cole.

The report of suffrage progress in the United States in the last month was read by Mrs. Williams, and Mrs. Barker read a section of the constitution of the United States, with comment thereon.

The next meeting will be held the first Wednesday in June.

PUBLIC, TAKE NOTICE.

In order to further promote rapid transit, and to meet the exigencies growing out of the operation of our cars by electric power, we respectfully notify our patrons and the general public that on and after May 2, no person will be transferred from one line of cars to another, except at our respective Transfer Stations.

Transfer checks must be procured at time fare is paid. Checks must be punched by the Transfer Agent at the station before they will be received for passage.

Transfers will be made only for the next succeeding car after the check is punched by the Agent. Passengers leaving the station will forfeit their transfers.

ALMY'S CASE.

He Is Trying to Secure a New Trial at Plymouth.

Plymouth, N. H., May 5.—Almy, the murderer of Christie Warden, was brought into court to-day and argument begun on his application for a new trial on the ground of new evidence. Physicians testified as to the result of experiments upon the body of a woman for the purpose of testing what kind of a wound would be made by a pistol inserted in the body as it was alleged Almy's was. The testimony was highly technical.

WILL NOT CONSOLIDATE.

Dublin, May 5.—The master of the rolls has made an order restraining the Freeman's Journal from issuing debentures to purchase the National Press. This action was instigated by discontented shareholders in the Freeman's Journal who have opposed the consolidation from the beginning and determined about four weeks ago to institute these proceedings. The consolidation will be postponed if not prevented by their action.

PORTLAND AND RETURN.

One Fare for the Round Trip.

For the accommodation of those desiring to visit at points in the vicinity of or at Portland in May during the session of the Presbyterian General Assembly, the Union Pacific will sell tickets to Portland and return at one fare for the round trip. Tickets on sale May 9 to 14 inclusive, limited to 90 days from date of sale.

For any additional information apply to your nearest ticket agent.

NO FIRE SALES.

Upper Sandusky, O., May 5.—(Special)—The clothiers of this city are rejoicing. A traveling "fire insurance" clothing concern was to open a two weeks' stand here to-day—had their goods here, arranged in a store room and was ready to begin business.

The council passed an ordinance making a license of $50 a day for such business. The result is, the goods of the concern are being repacked for some other and more congenial location.

TAX ON CURRENCY.

Washington, May 4.—Mr. Bland, of Missouri, has introduced in the house a bill repealing all laws imposing a tax on the currency of circulating notes issued by authority of any state or banking association organized by the the authority of a state.

WELL KNOWN MAN DEAD.

Wapakoneta, May 5.—(Special)—Dr. J. H. Nichols, a prominent physician of this city, died at his residence, aged 73 years. He was one of the oldest pioneers in this county, having lived here nearly 50 years.

For distressing oppression and fullness in the stomach take Simmons Liver Regulator

FIRE DEPARTMENT ELECTION.

Upper Sandusky, O., May 5.—(Special)—The fire department has elected the following officers; Chief, M. C. Mealey; assistant chief, W. E. Little; secretary, August F. Mueller; treasurer, Anthony Vogel.

Nervousness is from dyspepsia. Take Simmons Liver Regulator and be cured.

PLAYING IT NICELY.

Melbourne, May 5.—Deeming admits that he is now partly convinced that he committed the murder for which he was tried, but says he does not remember anything about it.

Swedish women vote in the cities for municipal councilors and in the country for members of the county council, and as the latter body appoints the members of the upper chamber of diet, the women may be said to exercise a direct power in Swedish affairs.

DO YOU WANT GOLD?
Cripple Creek is not a health resort. It is a wealth resort. Quite a difference! Location, near Pike's Peak, in Colorado. Gold—bright, yellow gold, is found as grass roots and in the rock formation.
Reliable experts claim this is to-day the richest camp in Colorado. Assays average $100 per ton, and have run as high as $5,000. One hundred people a day are now rushing to Fremont, chief town of the district.
The chance of a life-time is worth looking after!
You can get there quickly and comfortably by taking Santa Fe Route. Only line with no change of cars from Chicago, Kansas City and other principal cities to Florissant, nearest railroad station, with daily stages to Fremont.

No Money Required of Responsible Parties to Commence Treatment
DOCTORS FRANCE AND OTTMAN,
Formerly of New York, now the Celebrated Examining Physicians of THE FRANCE MEDICAL AND SURGICAL INSTITUTE, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo
Dr. France, Wednesday, May 11.
Dr. Ottman, Saturday, May 21.
Consultation and Examination Free and Strictly Confidential in the Private Parlor of the Burnett House from 10 a. m. to 9 p. m., one day only.
The doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess. Their diagnostic powers have created wonders throughout the country.
The France Medical and Surgical Institute of Columbus, Ohio, is the only Medical Institute in the State incorporated with a Capital of $300,000.00.

FRANCE MEDICAL AND SURGICAL INSTITUTE,
38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated 1886. Capital, $300,000.
DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession
CANCER positively cured without pain or use of the knife, by a new method.
IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.
YOUNG MEN—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.
DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.
TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, our success has been marked, over two-thirds of our patients being ladies, old, young, married, single, rich or poor. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies now to treat themselves.
MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.
PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.
EPILEPSY, OR FITS—Positively cured by a new and never-failing method. Testimonials furnished.
FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.
Persons ruined in health by unlearned pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately. Delays are dangerous.
WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.
Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. FRANCE, Nos. 38 and 40 W. Gay St., Columbus, O.

IN THE GREAT FARMS

Wheat is Not a Profitable Crop.

Barley and Oats Will Take Its Place.

All the Market Quotations of a World Gathered for the Benefit of Bee Readers—Home and Abroad.

The reports of weather in the northwest are very discouraging. It is snowing and raining all over the spring wheat lands and seeding entirely suspended. Likewise it is raining all over the winter wheat belt. The Illinois river is out of its banks and nature is obviously overdoing it.

Minneapolis telegraphs the sales of 100,000 bu. of flour, which sounds large but we do not challenge it.

Duluth is shipping out her wheat stock mighty lively. To-day she ships 623,000 bu., and it is claimed that a large portion of her stocks is actually sold for export.

New York reports engagements of 38 1-2 loads of wheat and 19 1-2 loads of corn for export. The daily outward movement of wheat, flour and corn is large.

The wheat markets on this side of the water have been very strong to-day, and begin to be supported by outside aid. Heretofore it has been a pit and room trading—the bulls and bears. Even to-day it is not so much that there is great buying for speculation, but the short interest has covering and finds fewer sellers than usual. There is no great desire to load up on a purely weather market, but no one wants to sell it much. It has been the most spirited market for some days and prices have several times advanced at Chicago more than 2c bu. and closes nearly 3c higher.

Corn has participated in the upward movement, and has been strong all day and closed 1 3-8c higher for May.

London wheat market closes 6 pence per quarter higher. Berlin about 3-4c per bus. Paris 1-2c higher.

In New York May wheat closed 2c and July 2 1-2c up. May corn 1 7-8c and May 1 1-2c and May oats 7-8c higher.

In Chicago May wheat closed 2 7-8c and July 3c up. May corn 1 3-8c and July 1 5-8c up. May oats 1 1-8c up.

In Toledo there has been a little more activity in the wheat market, with great firmness, and a rattling advance in prices. Of course the features referred to herein in respect to other markets had their force and effect here, but we have not made quite the jump that Chicago has, because they are much behind in values, and have a good deal to do to overtake the winter wheat markets. We close at about 2c advance on July. On the call July wheat sold at 85 1-2c After the call May sold at 90c and closed at 91 1-2c, a gain of 1 3-4c. July sold at 85 1-2c and closed at 87 3-4c, a gain of 2c. August sold at 84 1-4c and closed at 86 1-8c, a gain 2 1-8c.

Cash wheat was wanted early for milling. No. 2 soft sold at 90c and at close 91 1-2c was the market. No other grades sold.

Corn—No. 2 at 42 1-4c. May at 42 1-4c. No. 3 at 41 3-4c. No. 4 at 41 1-4c. Nothing in oats, rye or clover seed.

The World's Crop Outlook.

If the printed statements are to be credited the harvested crop of India is deficient as compared to the previous one, but an average on years previous to the last. Australia, which always promises so grandly at seed time and breaks the promise to the hope, at harvest time, has really less surplus than usual. South America presents no new features. More h—ll raised than wheat. To-day

We print English and continental crop news. There is no condition, any more, to inspire boasting. In England and some other states the prospect is for shortened yields, and all of above, considered in connection with our own winter wheat condition and a probable large decrease in the spring wheat area, certainly offer a frail foundation for short selling and low prices. Still, as we say at the head of our columns, we have naught to do with results. A week of real good, propitious weather around the world would brighten the fields and the hearts of producers.

The receipts of wheat to-day at Minneapolis and Duluth are 247,562 bus., and at five other western points 107,518 bus. On the same Thursday in 1891 the receipts were 124,778 bus. The export clearances yesterday at four Atlantic ports were, wheat 409,350 bus. and flour to an aggregate of 625,000 bus. Export of corn 287,990 bus., and of oats 301,404 bus.

English markets as reported herein are firm for wheat and corn at unchanged prices.

Northern Crops.

Minneapolis, Minn., May 5.—The Journal prints a summary to-day of the seeding situation in North Dakota and it shows the condition as affecting wheat to be more favorable than scattering reports have the last few days indicated.

It is conceded that under the most favorable conditions henceforth the wheat acreage will be materially curtailed, some estimate as much as one-fourth. This will not be a misfortune so far as the farmers are concerned, however, for the profitable crops—oats and barley—will take the place of wheat.

There will be a big increase in wheat acreage resulting from the new immigration in the northern counties of North Dakota. In Towne county this increase is estimated to be 33 per cent. and it will be but little less for Ramsey, Nelson and Bottineau counties. This will offset a considerable falling off in acreage in other localities.

Seeding has been going on generally this week in the Turtle mountain and Devil's Lake sections. Around Cando and Rolla many farmers have from 200 to 400 acres seeded.

There is still a great deal of threshing to do from Churches Ferry, north, but on account of the scarcity of threshing machines and men but little will be done until seeding is over.

The flattest lands in the Red river valley are still too wet to work and it is feared some cannot be seeded at all. This however, will be but a small percentage of the whole. Many farmers claim that by June 10 crops will be as far advanced as usual, as the ground is so moist the wheat will grow rapidly and strong.

DEMOCRATIC STATE CONVENTION.

Headquarters Democratic State Central Committee.
Columbus, O., April 27, 1892.

By Order of the Democratic State Central Committee:

The democrats of Ohio are requested to meet in delegate convention in the city of Columbus on Tuesday and Wednesday, June 14th and 15th, 1892, to place in nomination candidates for the following offices, viz: One secretary of state, two judges of supreme court, one clerk of supreme court, one member of board of public works, and two presidential electors to represent the state at large on the national democratic ticket. The convention will also choose four delegates and four alternate delegates to represent the state at large at the national democratic convention to be held at Chicago, Ill., on June 21 and 22, 1892.

The basis of representation to the state convention is one delegate for each 500 or a fraction of over 250 votes cast for Hon. James E. Campbell for governor in 1889.

All delegates to the state convention shall be individually selected in the several counties of the state before coming to said convention, as mass delegates will not be recognized.

Each county is entitled to the following representation:

The Overman case presents no new features of especial interest. It is learned that in his answer to the new charges Major Overman entered a general and explicit denial, claiming that the discrepancies were more apparent than real, and that he could explain them to the satisfaction of the department. Nothing can be ascertained regarding the intentions of the department in the premises. It does not seem likely, however, that a new trial will be ordered.—Washington telegram.
